FOR IMMEDIATE RELEASE – DECEMBER 21, 2022

Electricity Disclosure Label is available for Rockland Community Electricity Aggregation program

Rockland, MA – Our Town's community electricity program has posted the latest Electricity Disclosure Label, which describes the energy mix for all program options. The label can be found in the resources section on the program website rockland-cea.com.

Rockland Community Electricity Aggregation is a program offered by the Town of Rockland to provide residents and businesses with Town-vetted options for electricity supply. Rockland Community Electricity Aggregation does not replace National Grid, the electric utility in Rockland, which continues to deliver electricity, repair any outages, and billing, so customers continue to receive one bill. The program website, rockland-cea.com, contains a description of the program, forms, and a phone number to call with questions.
