ROCKLAND BOARD of SEWER COMMISSIONERS' PUBLIC COMMENTS

Dear Secretary Tepper and Director Kim,

My name is Charles Heshion, Chairman of the Rockland Board of Sewer Commissioners. The Rockland Board of Sewer Commissioners respectfully submit additional public comment with the recently submitted MEPA filing with regard to the Notice of Change, South Weymouth Naval Air Station Redevelopment Project, dated December 14, 2023. (Proponents)

In addition to our previous comments of January 9, 2024 on the above matter; the Rockland Board of Sewer Commissioners would like to request that the Proponents provide copies of all maps indicating the approximately 6 miles of on-site sewer mains. Specifically those on the Rockland side of the property.

The Proponent should provide to the Rockland Board of Sewer Commissioners copies of all investigations, studies, camera videos and manhole inspections, results of Inflow and Infiltration studies/investigations and reports conducted on those sewer lines. These reports should go back to the date the property was turned over by the U. S. Navy.

The Rockland Board of Sewer Commissioners is requesting assurances that the current proponents have reviewed and determined the requirements contained in the following regulations.

Respectfully,

Rockland Board of Sewer Commissioners

Mr. Charles Heshion, Chairman
