

Guidelines for Obtaining a Second Barrel

Although the Board of Health is encouraging residents to give the new single barrel program a chance, residents that feel they will need an additional trash container may obtain one from the Board of Health subject to the following:

There is a \$72.00 per quarter charge for servicing the barrel. This fee is payable in advance for the entire fiscal year. Residents obtaining the second barrel at the inception of the program would need to come into the Board of Health with a check in the amount of \$288.00 payable to the Town of Rockland.

Homes with an in-law wishing additional barrels will be billed as a two-family unit.

Residents that obtain an additional barrel will agree to commit to the second barrel for the entire fiscal year.

All containers remain the property of the Town of Rockland.

Service fees for the second barrel are non-refundable.

Should a resident decide that the second barrel is not necessary, they should contact the Board of Health to make arrangements to return the barrel. Returned barrels must be cleaned prior to return.
