

TOWN OF ROCKLAND

A dramatic night photograph of a residential street. A large, bright lightning bolt strikes the sky above a row of houses. The houses are illuminated by warm interior lights, and the scene is captured in a dark, moody atmosphere. The lightning bolt is a jagged, bright white line that cuts across the dark sky, with several smaller bolts visible in the background. The houses are multi-story, with gabled roofs and dormer windows. Some windows are lit up, showing a warm yellow glow. The overall scene is a mix of natural and artificial light, creating a high-contrast, visually striking image.

ROCKLAND POSTMASTER Jeanette L. Sigouin

TOWN OF ROCKLAND INFORMATION

First Settled:	The town first settled around 1673. It was formerly the northeast section of Abington. Population was 4,000 when incorporated under its present name.	
Name:	Rockland derived its name geologically from its rocky nature. A “large rock” is mentioned in the description of the Town Seal.	
Incorporated:	March 9, 1874. (Acts of 1874-Chapter 44)	
Town Seal:	For complete description of Town Seal, see Town of Rockland By-Laws, Chapter 153.	
County:	Plymouth	
Location:	Southeastern Massachusetts. Rockland is approximately 20 miles from Boston; 8 miles from Brockton, and is bordered by the following towns: North by Weymouth and Hingham South by Hanson East by Norwell and Hanover West by Whitman and Abington	
Population:	FEDERAL CENSUS 2010 - 17,489 2000 - 17,670 1990 - 16,123	TOWN CENSUS 2020 – 17,965 2019 – 17,677 2018 – 17,937
Total Registered Voters:	As of December 31, 2020, Actively Registered Voters 12,356	
Town Charter:	Adopted March 8, 1969 at Annual Town Election. Charter became effective on January 1, 1970.	
Annual Town Election:	Second Saturday in April	
Annual Town Meeting:	A date to be determined by the Board of Selectmen, to be held on a date that will allow completion of all business not later than June thirtieth of that same year.	
Type of Government:	Open Town Meeting	
Land Area:	10.07 Square miles	
Miles of Streets:	61 ½ miles	
Number of Parcels:	5,600	
Altitude:	Highest: 180 feet above mean sea level Lowest: 92.73 feet above mean sea level	
Latitude:	North 42° 8m	
Longitude:	West 70° 55m	

Topographic Characteristics: Gently rolling terrain with one hill (Beech Hill) in the south which rises to about 180 feet, which is 80 feet above general local elevation of 100 feet above mean sea level. Rocklands highest point of land in Plymouth County.

U.S. Geological Survey Topographic Plates:

Rockland is shown on Whitman and Weymouth Quadrangles

Rockland is included in the following areas and districts:

Ninth Massachusetts Congressional District
Fourth Councilor District
Norfolk & Plymouth Senate District
Fifth Plymouth State Representative District
Boston Metropolitan Area

TOWN OF ROCKLAND WARRANT SPECIAL TOWN MEETING

**High School
Auditorium Rockland High
School - 52 MacKinlay Way**

On Monday, June 22nd, 2020 at 7:00PM., the Annual/Special Town Meeting was held, having been postponed from the original date of May 4th due to the COVID-19 pandemic. A vote was taken by the Board of Selectmen on March 31st to postpone the meeting as allowed by a vote of Massachusetts Legislation, H4777. A subsequent vote was taken by the Board of Selectmen on May 19th to hold the meeting on June 22nd. A vote was also taken to reduce the quorum to 50 voters in further adherence to the Massachusetts Act, H4777.

The meeting was called to order by Moderator Kevin Henderson at 7:00pm as a quorum had been reached. The count of voters present at that time was 92. The Pledge of Allegiance was led by Mr. Henderson. Representative David DeCoste was present to award Rockland resident Stella Rogers the State's 2020 "Unsung Hero Recognition". Mr. Henderson introduced Town Administrator Doug Lapp who spoke about the current state of affairs, and praised the work by the Town departments for the cooperation put forth in order to balance the budget with the current monetary pressure that COVID 19 has presented. Mr. Henderson acknowledged the services of all of the First responders during this trying time. Moderator Henderson then introduced the people on stage: Town Clerk Donna Shortall, Town Counsel Attorney John Clifford, Town Administrator Doug Lapp, Town Accountant Elizabeth Zaleski and Assistant Town Administrator Jennifer Constable-Berardi. He acknowledged the Board of Selectmen members and the Finance Committee members, stating that they deserve recognition under these trying times: Chairman John Pumphrey, Vice-Chairman Robert MacDonald, Julia Schaffer (who was unable to attend), Lori Childs, Jeff Leafer, Craig Maroney, Daniel Ryan, Sheila Mulcahey, Craig Maroney, William Principe, William Stuart, and Joe Gambon, who also serves on the Capital Planning Committee. Moderator Henderson also acknowledged the work of former Finance Committee member Kenneth Tocci, who has resigned for health reasons. He then acknowledged the work done by the rest of the members of the Capital Planning Committee: Chris Fulton, Lauren Hanson, Richard Harris and Doug Walo. Mr. Henderson then introduced and acknowledged the Elected Officials that had been elected at the Town Election, Saturday, June 20th: Selectmen Mike O'Loughlin and Kara Nyman, Board of Assessor Dennis Robson, new Board of Health Member Christine Stuart, Housing Authority Member Diane Logan, Library Trustees Cora Leonardi and Kenneth Zbyszewski, Park Commissioner Stephen Murphy, Sewer Commissioner Charles Heshion, Water Commissioner William Low, Planning Board Member Jared Valanzola and new School Committee Member Jaime Hennessy. Mr. Henderson then swore in the tellers for the evening: Nancy Crowley, Mary Ryan, and John Latimer and then asked Finance Chairman John Pumphrey to speak about the current year. Mr. Pumphrey stated that after meeting with each department and putting more than 400 hours into the budget process, the budget presented was accurate and presented in accordance with the best interests of the town in the current time. A motion was then made and seconded to adjourn the Annual Town Meeting and a motion was made to re-open the Special Town Meeting. A motion was made by Mr. Pumphrey to vote all Articles based on the recommendations of the Finance Committee. A second motion was made to vote all Articles in order. Both motions were seconded and voted.

SPECIAL TOWN MEETING				
JUNE 22, 2020

PROPOSED BY-LAW ARTICLE

The Town voted, as authorized by Chapter 256 of the Acts of 2010, and incorporated into the Massachusetts General Laws as Chapter 6, Section

172 B 1/2, to amend certain provisions of the Town of Rockland By-Laws, Chapter 180, Peace and Good Order, by adding a new section 180-12 as follows:

§180-12. Fingerprinting applicants for certain licenses.

Anything in these Bylaws to the contrary, every applicant or registrant for town licenses and permits in the following specified occupations submit a full set of fingerprints for the purpose of conducting a state and national criminal history records check pursuant to sections 168 and 172 and 28 U.S.C. § 534. Fingerprint submissions may be submitted by the Chief of Police to the identification unit within the department of state police through the criminal history systems board, or its successor, for a state criminal records check and to the Federal Bureau of Investigation for a national criminal records check. There shall also be a fee of \$50 per set of fingerprints for administering such fingerprinting system of which \$30 or

such other and further amount required by law shall be deposited into the Firearms Fingerprint Identity Verification Trust Fund. The specified occupations are as follows: (1) organizations or individuals engaging in hawking and peddling other than persons such activities solely for religious, charitable or political purposes (2) door-to-door salespeople other than persons soliciting solely for religious, charitable or political purposes; (3) managers of premises holding alcoholic beverage licenses under General Laws, c. 138, (4) owners or operators of public conveyance; (5) dealers of second-hand articles; (6) pawn dealers; (6) hackney drivers, (7) food truck vendors, and (8) ice cream truck vendors as defined in General Laws. c. 270 §25. The Chief of Police is authorized to adopt appropriate policies and procedures to effectuate the purposes of this by- law.

Explanation: The town is authorized by Chapter 256 of the Acts of 2010 incorporated into the Massachusetts General Laws as Chapter 6, Section 172 B ½ to adopt a local bylaw require to require all applicants for licenses in specified occupations to pay a fee and submit a full set of fingerprints for the purpose of conducting a state and national criminal history records check pursuant to sections 168 and 172 and 28 U.S.C. § 534. The Chief of Police has requested this bylaw designed to identify persons posing a safety risk to residents and visitors.

Town Administrator – elimination of 1-year probation

The Town voted to authorize the Board of Selectmen to request a special act of the General Court, in the form set forth below, amending the Town Charter to allow the Board of Selectmen to eliminate the provision requiring an initial one year probation for the Town Administrator; provided, however, that the General Court may make clerical or editorial changes of form only to the bill, unless the Board of Selectmen approve amendments to the bill before enactment by the General Court; to combine this article with any other change to the Town Charter adopted by this Town Meeting into one special act for submission to the legislature, and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the general public objectives of this petition:

An Act Relative to the Charter of the Town of Rockland

Section 1. Notwithstanding any general or special law to the contrary, the Charter of the Town of Rockland, which is on file in the office of the archivist of the Commonwealth as provided in Section 12 of Chapter 43B, is hereby amended by modifying the first two sentences of Section C – 2.17 as shown below:

Section 2.17 – Town Administrator

~~The board of selectmen by an affirmative vote of at least 4 members shall appoint a town administrator for a 1 year probationary term. Subsequent terms of up to 3 years may be made following the probationary term.~~

The board of selectmen by an affirmative vote of at least 4 members shall appoint a town administrator for a term of not more than three (3) years and may extend such appointment for additional terms up to three (3) years.

Submitted by: Charter Review Committee

2. This act shall take effect upon passage.

ARTICLE # 31

Town Administrator – Modification of Termination Provision

The Town voted to authorize the Board of Selectmen to request a special act of the General Court, in the form set forth below, amending the Town Charter to allow the Board of Selectmen to modify the Removal and Suspension provision for the Town Administrator; provided, however, that the General Court may make clerical or editorial changes of form only to the bill, unless the Board of Selectmen approve amendments to the bill before enactment by the General Court; to combine this article with any other change to the Town Charter adopted by this Town Meeting into one special act for submission to the legislature, and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the general public objectives of this petition:

An Act Relative to the Charter of the Town of Rockland

Section 1. Notwithstanding any general or special law to the contrary, the Charter of the Town of Rockland, which is on file in the office of the archivist of the Commonwealth as provided in Section 12 of Chapter 43B, is hereby amended by modifying Section C – 2.18 (a) as shown below:

Section 2.18 – Removal or Suspension of Town Administrator

The board of selectmen by affirmative vote of at least ~~four (4)~~ **two-thirds (2/3rd)** of its members may suspend or remove the town administrator from office. If the board of selectmen affirmatively votes to suspend or remove the town's administrator, the board shall give at least 60 days' notice as to the effective date of his suspension or termination, or provide 60 days of severance pay, or a combination of both notice and severance pay equivalent to at least 60 days. At least 30 days before the proposed suspension or termination becomes effective the board of selectmen shall file a preliminary written resolution with the town clerk setting forth in detail the specific reason for the proposed suspension or termination. A copy of the resolution shall be delivered to the town administrator. The town administrator may within 10 days of service of the resolution, reply in writing to the resolution and may request a public hearing. If the town administrator so requests, the board of selectmen shall hold a public hearing not earlier than 20 days nor later than 30 days after the filing of the request. After the public hearing, if any, otherwise at the expiration of 30 days following the filing of the preliminary resolution, the selectmen may suspend or terminate the town administrator from duty. In the event the town administrator is charged with a criminal act, alleged to have been perpetrated while performing his job, suspension without pay is immediate and if the town administrator is not exonerated of the charges, termination is immediate, and no notice or severance shall be provided. Nothing contained herein shall limit the authority of the board of selectmen to suspend or terminate the town administrator as provided by state, federal or local law.

Section 2. This act shall take effect

upon passage.

ARTICLE # 35

Property Tax Exemption for Gold Star Parents

The Town voted to accept the provisions of M.G.L. c. 59, § 5, Clause Twenty-second H (inserted by Chapter 218 of the Acts of 2018 known as an Act Relative to Veterans’ Benefits, Rights, Appreciation, Validation, and Enforcement (“BRAVE Act”)), effective for the tax years beginning on or after January 1, 2020, or take any other action relative thereto.

EXPLANATION: M.G.L. c. 59, § 5, Clause Twenty-second H (inserted by Chapter 218 of the Acts of 2018 known as an Act Relative to Veterans’ Benefits, Rights, Appreciation, Validation, and Enforcement (“BRAVE Act”)) signed into law August 28, 2018, which provides for a property tax exemption for real estate to the full amount of the taxable valuation of the real property of the surviving parents or guardians of soldiers and sailors, members of the National Guard and veterans who: (i) during active duty service, suffered an injury or illness documented by the United States Department of Veteran Affairs or a branch of the armed forces that was a proximate cause of their death; or (ii) are missing in action with a presumptive finding of death as a result of active duty service as members of the Armed Forces of the United States; provided, however, that the real estate shall be occupied by the surviving parents or guardians as the surviving parents’ or guardians’ domicile; and provided further, that the surviving parents or guardians shall have been domiciled in the commonwealth for the 5 consecutive years immediately before the date of filing for an exemption pursuant to this clause or the soldier or sailor, member of the National Guard or veteran was domiciled in the commonwealth for not less than 6 months before entering service.

Surviving parents or guardians eligible for an exemption pursuant to this clause shall be eligible regardless of when the soldier, sailor, member of the National Guard or veteran died or became missing in action with a presumptive finding of death; provided, however, that the exemption shall only apply to tax years beginning on or after January 1, 2020. Such exemption shall be

available until such time as the surviving parents or guardians are deceased. No real estate shall be so exempt which has been conveyed to the surviving parents or guardians to evade taxation.

COMMENT: The intended purposes of this Article is to grant a full exemption for property tax to Gold Star parents or guardians of soldiers and sailors, members of the National Guard and Veterans who have died or are missing in action/presumed dead.

Submitted by: The Veterans Service Agent with the Approval of the Board of Assessors

Approval Recommended by: the Finance Committee

ARTICLE # 36

Accept G.L. Chapter 59, Section 5N, Adoption of the Valor Act

ARTICLE. The Town of Rockland voted to accept M.G.L. c.59, §5N, the Act Relative to Veterans' Access, Livelihood, Opportunity, and Resources", also known as the VALOR Act.

EXPLANATION: The legislation creates increased supports for veteran-owned businesses, Gold Star Families, military children and higher education access in the Commonwealth. In addition, all veterans as defined are eligible to reduce their real property tax bill based on total community service hours provided.

If accepted, Massachusetts General Laws Chapter 59, Section 5N (The Valor Act) in Rockland, the board of selectmen of a town may establish a program to allow veterans, as defined in clause Forty-third of section 7 of chapter 4, to volunteer to provide 125 hours of services to the Town of Rockland. In exchange for such volunteer services, the Town of Rockland shall reduce the real property tax obligations of that veteran on the veteran's tax bills and that reduction shall be in addition to any exemption or abatement to which that person is otherwise entitled provided, however, that person shall not receive a rate of, or be credited with, more than the current minimum wage of the commonwealth per hour for the services provided pursuant to that reduction; and provided further, that the reduction of the real property tax bill shall not exceed \$1,500 in a given tax year. It shall be the responsibility of the Town of Rockland' Veterans Services Officer to maintain a record for each taxpayer including, but not limited to, the number of hours of service and the total amount by which the real property tax has been reduced and to provide a copy of that record to the assessor in order that the actual tax bill reflect the reduced rate. A copy of that record shall also be provided to the taxpayer prior to the issuance of the actual tax bill. The Town of Rockland shall have the power to create local rules and procedures for implementing this section in a way that is consistent with the intent of this section. Nothing in this section shall be construed to permit the reduction of workforce or otherwise replace existing staff.

It is the intent of the Veteran Services Office to currently administrate this program for a maximum number of 5 selected eligible candidates. If a selected candidate cannot themselves perform the volunteer services assigned to them, then a representative for the candidate may perform the Volunteer services in the candidates' place.

The total of 125 hours volunteer services would be completed within the fiscal year that the Town of Rockland operates and keeps its financial records. The \$1500 property tax credit minus the required withholdings will be applied to the veteran's real estate tax bill the following fiscal year.

Some examples of the Volunteer Services maybe assistance at the driving of the Veterans Department Van, care and maintenance at Grave markings and memorials, and during events where the Veteran services have a presence and/ or participating in some manner.

Submitted by: The Veterans Service Agent with the Approval of the Board of Assessors

Approval Recommended by: the Finance Committee

ARTICLE # 37

The Town voted to accept the provisions of M.G.L. c. 59, § 5, Clause Twenty-second G Chapter 218 of the Acts of 2018 known as an Act Relative to Veterans' Benefits, Rights, Appreciation, Validation, and Enforcement ("BRAVE Act").

EXPLANATION: This legislation, an Act Relative to Veterans' Benefits, Rights, Appreciation, Validation, and Enforcement ("BRAVE Act"), signed into law August 28, 2018, provides for a property tax exemption for any real estate that is the domicile of a person, but is owned by a trustee, conservator or other fiduciary for the person's benefit if the real estate would be eligible for exemption under clause Twenty-second, Twenty-second A, Twenty-second B, Twenty-second C, Twenty-second D, Twenty-second E, or Twenty-second F if the person were the owner of the real estate, or act on anything relating thereto?

COMMENT: The purpose of this Article is to provide real estate property tax relief in the form of an exemption to veterans who would have already been eligible for such exemption under the clauses mentioned above, even if the veteran has conveyed the property to a trust.

Submitted by: The Veterans Service Agent with the Approval of the Board of Assessors

Approval Recommended by: the Finance Committee

ARTICLE # 38

The Town voted to appropriate or reserve from the Community Preservation Fund annual revenues in the amounts recommended by the Community Preservation Committee for committee administrative expenses, community preservation projects and other expenses in fiscal year 2021, with each item to be considered a separate appropriation:

Appropriations:

From FY 2020 estimated revenues for Committee Administrative Expenses	\$ 23,500
---	------------------

Reserves:

From FY 2020 estimated revenues for Historic Resources Reserve	\$ 47,000
--	------------------

From FY 2020 estimated revenues for Community Housing Reserve	\$ 47,000
---	------------------

From FY 2020 estimated revenues for Open Space Reserve	\$ 47,000
--	------------------

From FY 2020 estimated revenues for Budgeted Reserve	\$ 305,500
--	-------------------

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: Fiscal Year 2021 Estimated Revenues

ARTICLE # 39

The Town voted to approve and expend, from the Community Preservation Fund, the sum of One Hundred Sixty-Nine Thousand Fifty-One Dollars (\$169,051) for the window replacement and restoration project at the Rockland Memorial Library:

Sponsored by: Town of Rockland, Rockland Memorial Library

Submitted by: Community Preservation Committee

Funding Source: \$86,601 CPA Historical Reserve and \$82,450 CPA Fund Balance Reserve

Approval Recommended by: Finance Committee & Capital Planning Committee

ARTICLE # 40

The Town voted to approve and expend, from the Community Preservation Fund, the sum of Sixty Three Thousand Eight Hundred Dollars (\$63,800) to develop a Comprehensive Usage Plan for the Hartsuff Park Recreation Area in conjunction with the Rockland Youth Commission, Rockland Park Department and the Town of Rockland;

Sponsored by Rockland Youth Commission **Submitted by:** Community Preservation Committee

Funding Source: \$63,800 CPA Open Space Reserve

Approval Recommended by: Finance Committee & Capital Planning Committee

ARTICLE # 41

The Town voted to approve and expend, from the Community Preservation Fund, the sum of Twenty Three Thousand One Hundred Dollars (\$23,100) to rehab/construct a Remembrance Park next to Rockland Town Hall. This area will incorporate a D.A.R Plaque, the granite water trough, a time capsule as well as picnic tables and benches for use by the public;

Sponsored by Rockland Historical Commission

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: \$23,100 CPA Fund Balance Reserve

ARTICLE # 42

The Town voted to approve and expend, from the Community Preservation Fund, the sum of Two Hundred Eighty-Nine Thousand Three Hundred Dollars (\$289,300) to complete the final repair of the sprinkler system at the McKinley School Building:

Sponsored by: Town of Rockland

Submitted by: Community Preservation Committee

Funding Approval Recommended by: Finance Committee & Capital Planning Committee

ARTICLE # 43

The Town voted to approve and expend, from the Community Preservation Fund, the sum of Twenty-Nine Thousand Nine Hundred Twenty Dollars (\$29,920) to complete a historical restoration of the plaster ceiling and paint all new work in the main hall way and stairway area of the Grand Army of the Republic (G.A.R) Hall;

Sponsored by the Arsuf Memorial Association with support from the Rockland Historical Commission

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: \$29,920 CPA Fund Balance Reserve

ARTICLE # 44

The Town voted to approve and expend, from the Community Preservation Fund, the sum of Six Thousand Three Hundred Eighty Dollars (\$6,380) to complete 2nd Floor electrical work in the Grand Army of the Republic (G.A.R) Hall. This work shall include removal of fluorescent tube lighting and replace with period compliant, historically significant lighting;

Sponsored by Rockland Historical Commission

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: \$6,380 CPA Fund Balance Reserve

Source: \$289,300 CPA Fund Balance Reserve

ARTICLE # 45

The Town voted to approve and expend, from the Community Preservation Fund, the sum of One Hundred Seventy-Five Thousand Dollars (\$175,000) to purchase a 7.3-acre parcel identified as ID = 30-32-0 (abutting Hartsuff Park):

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: \$175,000 CPA Fund Balance Reserve

ARTICLE # 46

The Town vote to approve and expend, from the Community Preservation Fund, the sum of Thirty Eight Thousand Five Hundred Dollars (\$ 38,500) to construct an ADA compliant park area located on the Rockland Rail Trail in vicinity of Union Square on Town owned land (abutting Dunkin Donuts along Rail Trail).

Explanation: This park will include all hardscaping, seating as well as historical information about the former rail line/rail trail. As recommended by the Rockland Community Preservation Committee. Funds to be taken from the CPA Open Space Fund.

Sponsored by Rockland Highway Department

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: \$ 22,801 Open Space Reserve and \$15,699 CPA Fund Balance Reserve

Sponsored by Rockland Park Department

ARTICLE # 47

The Town voted to approve and expend, from the Community Preservation Fund, the sum of One Hundred Four Thousand Five Hundred Dollars (\$104,500). To install automated/passive crosswalk signalization at all road crossings along the Rockland Rail Trail, or take any other action relative thereto?

Sponsored by: Community Preservation Committee

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Submitted by: Community Preservation Committee

Approval Recommended by: Finance Committee & Capital Planning Committee

Funding Source: \$ 85,000 CPA Community Housing Reserve Balance

ARTICLE # 49

WITHDRAWN AT TOWN MEETING

The Town voted to amend Article III, Establishment of Districts, §415-3 of the Rockland General Code Zoning By-laws by adding a new district entitled the Flood Plain Overlay District to the existing list of zoning districts as follows:

P. Flood Plain Overlay District.

Or take any other action relative thereto?

Submitted by: Board of Selectmen

Explanation: The Board of Selectmen are proposing a change to the town's zoning bylaws to establish a Flood Plain Overlay District that is required in order to maintain eligibility for flood insurance programs and in order to regulate structures and uses in areas that are prone to flooding. This article creates the overlay district.

ARTICLE # 50

WITHDRAWN AT TOWN MEETING

Will the Town vote to amend Article III, Establishment of Districts, §415-4, Zoning Map of the Rockland General Code Zoning By-laws that depicts the boundary lines of the enumerated zoning districts by adding the zoning district entitled the Flood Plain Overlay District to include all areas on Plymouth County Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) dated July 22, 2020 and identified as a special flood hazard areas located within the jurisdiction of the Town of Rockland and designated as Zone A and AE, The exact boundaries of the District may be defined by the 100-year base flood

elevations shown on the FIRM and further defined by the Flood Insurance Study (FIS) report dated July 22, 2020, on file with the Town Clerk.

Or take any other actions Relative thereto?

Submitted by: Board of Selectmen

Explanation: The Board of Selectmen are proposing a change to the town's zoning bylaws to establish a Flood Plain Overlay District that is required in order to maintain eligibility for flood insurance programs and in order to regulate structures and uses in areas that are prone to flooding. This article amends the official zoning map of the town to show the newly proposed flood plain overlay district.

ARTICLE # 51

WITHDRAWN AT TOWN MEETING

Will the Town vote to amend Article IV, Permitted Uses, by inserting a proposed new zoning overlay district, as follows:

§415-21.5 Flood Plain Overlay District.

A. Purpose. The purposes of this bylaw are to: (1) ensure public safety through reducing the threats to life and personal injury; (2) eliminate new hazards to emergency response officials; (3) prevent the occurrence of public emergencies resulting from water quality, contamination, and pollution due to flooding; (4) avoid the loss of utility services which if damaged by flooding would disrupt or shut down the utility network and impact regions of the community beyond the site of flooding; (5) eliminate costs associated with the response and cleanup of flooding conditions; and

(6) reduce damage to public and private property resulting from flooding waters; and (7) ensure that the Town of Rockland qualifies for participation in the National Flood Insurance Program.

B. Applicability. The Floodplain District is herein established as an overlay district. The District includes all special flood hazard areas designated on the Town of Rockland Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) dated July 22, 2020 as Zone A, AE. The exact boundaries of the District may be defined by the 100-year base flood elevations shown on the FIRM and further defined by the Flood Insurance Study (FIS) report dated July 22, 2020. The map panels of the Plymouth County FIRM that are wholly or partially within the Town of Rockland are panel numbers:

25023C	0089	K	July 22, 2020
25023C	0091	K	July 22, 2020
25023C	0092	K	July 22, 2020
25023C	0093	K	July 22, 2020
25023C	0094	K	July 22, 2020
25023C	0181	K	July 22, 2020
25023C	0182	K	July 22, 2020
25023C	0183	J	July 17, 2012
25023C	0184	K	July 22, 2020

Any panels ending with the suffix J shall have the effective date of July 17, 2012. All panels ending with the suffix K shall have an effective date of July 22, 2020. This area shall be known as the Flood Plain Overlay District. The exact boundaries of the district may be defined by the base flood elevations shown on the FIRM and further defined by the FEMA Plymouth County Flood Insurance Study (FIS) booklet dated July 22, 2020. The FIRM and FIS booklet are incorporated herein by reference. In the event any provisions of this bylaw are in conflict with requirements for any other districts, the more restrictive regulation shall take precedence.

C. Flood Plain permit required. Permits for development and uses of land within the Flood Plain Overlay District shall be required for the following: (Such applications shall be obtained prior to or in conjunction with building permits if necessary.)

- (1) New construction of residential and nonresidential structures.
- (2) Substantial improvement (as defined) of any existing structure.
- (3) Expansion of the footprint of any existing structure.
- (4) Alteration of topography (as defined).

D. Application for Flood Plain permit. Applications for Flood Plain permits shall be made to the Building Commissioner/Zoning Enforcement Officer except where indicated below. Applications shall contain:

- (1) Elevation in relation to mean sea level of the lowest floor (including basements or cellars) of all existing and proposed structures.
- (2) Elevation in relation to mean sea level of existing and proposed floodproofing.
- (3) Signed statement by a registered professional engineer or architect that the requirements of this bylaw have been met. (Note: The above-referenced requirements may be met through submission of a FEMA elevation certificate.)
- (4) Description of topographic alterations including existing and proposed grades and a delineation of the special flood hazard area boundary line.
- (5) Site plan certified by a registered land surveyor showing all existing and proposed natural and constructed features on the property. The site plan shall include a notation of the special flood hazard area designation for all existing and proposed structures.
- (6) Base flood elevation data is required for subdivision proposals or other developments greater than 50 lots or five acres, whichever is the lesser, within Zone A, where such data is not provided on the FIRM.

E. Standards for areas of special flood hazard. All permits granted under §415-21.5C above shall be subject to the following provisions:

- (1) All development and redevelopment, whether permitted by right or by special permit, shall be in accordance with the standards of the Massachusetts State Building Code, the Wetlands Protection Act (MGL c. 131, § 40) and regulations (310 CMR 10.00, 310 CMR 13.00, and 310 CMR 12.00), septic system regulations (310 CMR 15, Title 5), and all other applicable federal, state and local requirements. Any variance from the provisions and requirements of the above-referenced state regulations may only be granted in accordance with the required variance procedures of these state regulations.
- (2) No alteration of topography shall be permitted where it may result in increased runoff or drainage to the detriment of other property owners or the Town.
- (3) Certification by a registered professional engineer or architect for all floodproofing measures shall be required.
- (4) Storage of fuel oil or toxic or hazardous materials below the base flood elevation shall be floodproofed.
- (5) All subdivision proposals are designed to assure that such proposals minimize flood damage, all public utilities and facilities are located and constructed to minimize or eliminate flood damage, and adequate drainage is provided to reduce exposure to flood hazards.

F. Floodways. All encroachments, including fill, new construction, substantial

improvements to existing structures, and other development, are prohibited in the floodway as designated on the Rockland FIRM maps. Along watercourses that have not had a regulatory floodway designated, the best available federal, state, local, or other floodway data shall be used to determine the extent of the floodway.

G. Uses that are encouraged. The following uses of low flood damage potential and causing no obstructions to flood flows are encouraged provided they are permitted in the underlying zoning district and they do not require structures, fill, or storage of materials or equipment:

- (1) Agricultural uses such as farming, grazing, truck farming, horticulture, etc.
- (2) Forestry and nursery uses.
- (3) Outdoor recreational uses, including fishing, boating, play areas, etc.
- (4) Conservation of water, plants, wildlife.
- (5) Wildlife management areas, foot, bicycle, and/or horse paths.
- (6) Temporary non-residential structures used in connection with fishing, growing, harvesting, storage, or sale of crops raised on the premises.

H. Administration. The Building Commissioner/Zoning Enforcement Officer shall administer this bylaw as follows:

- (1) Review proposed construction and alteration of topography within the Flood Plain Overlay District to assure that all necessary permits have been received from those federal, state and local governmental agencies from which approval is required and ensure that the requirements of this bylaw have been met.
- (2) Maintain records of the elevation of the lowest floor (in relation to NGVD), including basement, of all new or substantially improved structures. In addition, maintain records as to whether or not such structures contain a basement.
- (3) If a structure has been floodproofed, maintain records of the elevation of the lowest floor and the elevation to which the structure was floodproofed, including the required engineering certification.
- (4) Maintain for public inspection all records pertaining to the provisions of this bylaw.
- (5) Provide notice to the following of any alterations or relocation of a watercourse and ensure that such activity does not diminish the flood-carrying capacity of such watercourse:
 - (a) Adjacent communities.
 - (b) NFIP State Coordinator.
Massachusetts Department of Conservation and Recreation 251 Causeway Street, Suite 600-700
Boston, MA 02114-2104
 - (c) NFIP Program Specialist.
Federal Emergency Management Agency, Region I 99 High Street, 6th Floor
Boston, MA 02110

I. Definitions. The following definitions shall apply and are included aid in understanding and enforcing this Flood Plain Overlay District bylaw.

AREA OF SPECIAL FLOOD HAZARD is the land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A, AO, AH, A1-30, AE, A99, V1-30, VE, or V.

BASE FLOOD means the flood having a one percent chance of being equaled or exceeded in any given year.

DEVELOPMENT means any manmade change to improved or unimproved real estate, including but not limited to building or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

DISTRICT means Flood Plain Overlay District.

FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) administers the National Flood Insurance Program. FEMA provides a nationwide flood hazard area mapping study program for communities as well as regulatory standards for development in the flood hazard areas.

FLOOD BOUNDARY AND FLOODWAY MAP means an official map of a community issued by FEMA that depicts, based on detailed analyses, the boundaries of the 100-year and 500 year floods and the 100-year floodway. (For maps done in 1987 and later, the floodway designation is included on the FIRM.)

FLOOD HAZARD BOUNDARY MAP (FHBM) means an official map of a community issued by FEMA where the boundaries of the flood and related erosion areas having special hazards have been designated as Zone A or E.

FLOOD INSURANCE RATE MAP (FIRM) means an official map of a community on which FEMA has delineated both the areas of special flood hazard and the risk premium zones applicable to the community.

FLOOD INSURANCE STUDY means an examination, evaluation, and determination of flood hazards, and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of flood-related erosion hazards.

FLOODWAY means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation.

LOWEST FLOOR means the lowest floor of the lowest enclosed area (including basement or cellar). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor, PROVIDED that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of NFIP Regulations 60.3.

MANUFACTURED HOME means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For floodplain management purposes the term "manufactured home" also includes park trailers, travel trailers, and other similar vehicles placed on a site for greater than 180 consecutive days. For insurance purposes, the term "manufactured home" does not include park trailers, travel trailers, and other similar vehicles.

MANUFACTURED HOME PARK OR SUBDIVISION means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

NEW CONSTRUCTION means, for floodplain management purposes, structures for which the "start of construction" commenced on or after the effective date of a floodplain management regulation adopted by

a community. For the purpose of determining insurance rates, NEW CONSTRUCTION means structures for which the "start of construction" commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later.

ONE-HUNDRED-YEAR FLOOD - see BASE FLOOD. REGULATORY FLOODWAY - see FLOODWAY

SPECIAL FLOOD HAZARD AREA means an area having special flood and/or flood-related erosion hazards and shown on an FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, V, V1 30, VE.

STRUCTURE means, for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home. STRUCTURE, for insurance coverage purposes, means a walled and roofed building, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, as well as a manufactured home on foundation. For the latter purpose, the term includes a building while in the course of construction, alteration, or repair, but does not include building materials or supplies intended for use in such construction, alteration, or repair, unless such materials or supplies are within an enclosed building on the premises.

SUBSTANTIAL DAMAGE means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before-damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

SUBSTANTIAL IMPROVEMENT means any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either (a) before the improvement or repair is started, or (b) if the structure has been damaged and is being restored, before the damage occurred. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure.

ZONE A means the 100-year floodplain area where the base flood elevation (BFE) has not been determined. To determine the BFE, use the best available federal, state, local, or other data.

ZONE A1-30 and ZONE AE (for new and revised maps) means the 100-year floodplain where the base flood elevation has been determined.

ZONE AH and ZONE AO means the 100-year floodplain with flood depths of 1 to 3 feet, where a clearly defined channel does not exist, where the path of flooding is unpredictable, and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

ZONE A99 means areas to be protected from the 100-year flood by federal flood protection system under construction. Base flood elevations have not been determined.

ZONES B, C, AND X are areas identified in the community Flood Insurance Study as areas of moderate or minimal flood hazard. Zone X replaces Zones B and C on new and revised maps.

ZONE V means a special flood hazard area along a coast subject to inundation by the 100-year flood with the additional hazards associated with storm waves. Base flood elevations have not been determined.

ZONE V1-30 and ZONE VE (for new and revised maps) means a special flood hazard area along a coast subject to inundation by the 100-year flood with additional hazards due to velocity (wave action). Base flood elevations have been determined.

Or take any other action relative thereto?

Submitted by: Board of Selectmen

Explanation: The Board of Selectmen are proposing a change to the town's zoning bylaws to establish a Flood Plain Overlay District that is required in order to maintain eligibility for flood insurance programs and in order to regulate structures and uses in areas that are prone to flooding. This article establishes the procedural and substantive requirements applicable to structures and uses in the new proposed Flood Plain Overlay District.

ARTICLE # 52

Will the Town vote to raise and appropriate and/or transfer from available funds the sum of Seventy-Five Thousand and 00/100 Dollars (\$75,000.00), in combination with any matching grant funding if available, for capital projects and repairs, or take any other action relative thereto?

Submitted by: Board of Selectmen

Approval Recommend by: The Capital Planning Committee and the Finance Committee

Funding Source: Undesignated Fund Balance

ARTICLE # 53

To see if the Town will appropriate a sum of money from the unexpended proceeds of the bonds of the Town dated July 15, 2015, a portion of which were issued for the Rockland High School and Middle School project authorized under the vote of the Town passed November 3, 2009 (Article 8), excluded from the limitations of Proposition 2 ½, so-called, on November 14, 2009 (Question 1), which project is now complete, and for which no further liability remains, to pay costs of the new Rockland Elementary School, which project was authorized under the vote of the Town passed December 2, 2019 (Article 4), in the original authorization amount of \$86,607,521, excluded from the limitations of Proposition 2 ½, so-called, on December 7, 2019 (Question 1), including the payment of all costs incidental and related thereto, provided that the amount authorized to be borrowed for such project be reduced by a like amount, as permitted by Chapter 44, Section 20 of the General Laws, or take any other action relative thereto.

Submitted by: Treasurer upon the recommendation of Bond Counsel

Recommend by: Finance Committee

Funding Source: None, rescind & reallocate

ARTICLE # 54

To see if the Town will vote to supplement each prior vote of the Town that authorizes the borrowing of money to pay costs of capital projects to provide that, in accordance with Chapter 44, Section 20 of the General Laws, the premium received by the Town upon the sale of any bonds or notes thereunder, less any such premium applied to the payment of the costs of issuance of such bond or notes, may be applied to pay project costs and the amount authorized to be borrowed for each such project shall be reduced by the amount of any such premium so applied.

Explanation: This is a "housekeeping" article and is in relation to the School Building Project

Submitted by: Treasurer upon the recommendation of Bond Counsel

Funding Source: None

ARTICLE # 55

The Town voted to authorize the School Department to enter into a five-year lease purchase agreement for two (2) passenger vans:

Submitted by: School Department

Approval Recommended by: The Finance Committee & Capital Planning Committee

Funding Source: School Department Budget

ARTICLE # 56

As Submitted:

“Will the citizens of the Town of Rockland vote to amend the General By-Laws by adopting a bylaw entitled “Reduction of Single-Use Plastic Bags” designed to stop the distribution of single use plastic bags by businesses?”

Submitted by: Citizens Petition

Thank you to Assistant Town Clerk Liza Landy and Administrative Assistant Christine Campanile for their continued dedication and hard work.

**TOWN OF ROCKLAND
ANNUAL TOWN ELECTION
Saturday, June 20, 2020**

The Annual Town Election, originally scheduled for April 11, 2020 was postponed due to the Covid- 19 virus outbreak. It was rescheduled for June 20, 2020. Vote by mail was an option approved by the State and utilized by 220 voters. In person polling hours were held in the Rogers Middle School Gymnasium, 100 Taunton Avenue and the Esten Elementary School, 733 Summer Street from 12 Noon to 6pm.

A Warrant for the original date was issued by the Selectmen March 19th and was posted in each of the six precincts by Constable Adam Loomis on March 27, 2020. The rescheduled date was posted on May 20.

Cards of Instructions advising voters how to mark their ballots, Abstracts of the Laws imposing penalties on voters and Massachusetts Voters' Bill of Rights were posted as required by the Laws of the Commonwealth.

AccuVote machines were used in each precinct and there was also the touch screen Auto Mark machine. The ballot is not tabulated on these machines, it is tabulated in the AccuVote machine in the voter's precinct.

The polls were opened at 11:00 a.m. Election officials in each of the six precincts printed a zero tape of all candidates to ensure there were no votes on the tabulator and that each candidate was listed. The tape was posted in a conspicuous place in the precinct.

The polls were closed at 6:00 p.m. Total ballots cast were 686 13% of the 11,915 registered voters.

Absentee ballots included were 13 in precinct 1, 26 in precinct 2, 9 in precinct 3, 13 in precinct 4, 10 in precinct 5 and 17 in precinct 6.

Unofficial results were posted at the Rockland Town Offices at 8:15 p.m. Official results were declared as follows:

The polls were opened at 7:00 am at the Rockland Middle School and Esten Elementary School. All precinct workers were sworn in by the Wardens, the machines and ballot boxes were all checked, memory packs were sealed, and all counters were set at zero. The polls closed at 8:00 pm.

**TOWN OF
ROCKLAND
SPECIAL TOWN MEETING
NOVEMBER 16, 2020**

A Special Town Meeting was held on November 16, 2020 in the Rockland High School Auditorium. Town Moderator Kevin Henderson called the meeting to order at 7:01 p.m. Mr. Henderson explained that in adherence to the Massachusetts Act, H4777, a vote was taken to reduce the quorum. The Pledge of Allegiance was led by Mr. Henderson and he announced the rules and regulations required for participation by residents in the Town Meeting Process who wish to be recognized and heard on any Article or discussion. He introduced those present on stage followed by an acknowledgment of the upcoming retirement of Town Clerk Donna Shortall and spoke of her roles in Town during her 32 years of employment. Mrs. Shortall spoke and thanked Town employees and the residents. Mr. Henderson acknowledged Finance Committee Chairman John Pumphrey. Mr. Pumphrey made a motion that the first action of each Article will be the recommendation of the Finance Committee. The motion was seconded and voted.

State & County Assessments	(\$95,068)
Net Increase in Appropriations	\$890,044

*

* Note: totals may not add to the nearest dollar due to rounding.

Emergency: The Fiscal Year 2021 budget was approved in May with reductions tied to anticipated reductions in State Aid. Following information confirming State Aid would not be reduced, those budget line items are being funded at the amounts originally projected, pre-COVID 19. The decision to restore these budgets must be approved by voters prior to setting the tax rate in December.

Emergency: The above-mentioned invoices were unpaid largely due to COVID 19 and the complicated issues facing outside vendors and internal departments with reduced staffing and increased obligations. These invoices should be paid as soon as practicable to minimize hardship for the vendors.

Submitted by: Board of Selectmen

Approval Recommended by: Finance Committee

ARTICLE #3

The Town voted to authorize the Town Administrator to enter into Fire Department Response Time Analysis thereby funding Twenty-five Thousand dollars (\$25,000.00) from the Dispatch Line Item #0120552-520000 Purchase of Services to a special line item called Response Time Analysis.

Emergency: The Town is currently in the feasibility study phase of the project and this will fund a response time analysis that will be pertinent to the building of a new fire station or a smaller sub-station. Time is of the essence as there are several large private commercial and residential developments currently being permitted by the Town's regulatory boards that may require additional Fire/EMS services in the future.

BOARD OF SELECTMEN

Front Row: Member Larry Ryan, Chairman Michael O'Loughlin, Vice Chairman Kara Nyman
Back Row: Member Rich Penney, Member Michael Mullen, Jr.

2020 began with the usual work of a new year, including the Town Administrator's presentation of the upcoming fiscal year's budget, the start of town meeting preparations, and planning for town-wide events such as Rockland Day & Little League's Opening Day Parade. The Board also began the year by adopting Draft Personnel Policies and authorizing borrowing for the new Elementary School Building Project. Unbeknownst to anyone, sixty-nine days into the new year life and government as we knew them would be forever impacted by a global pandemic. And, the pandemic was not the only challenge that would arrive with the new year, historic political and societal events on the national level would also leave its mark in 2020 and beyond.

Beginning in early March, Disaster Declarations and States of Emergency were declared at the Federal, State and Local levels as result of the 2019 novel Coronavirus outbreak. In resilient Rockland fashion, the community and town leadership sprang into action to tackle one unpredictable challenge after the next as the pandemic took hold. In an effort to continue the Town's work while complying with the newly imposed *Safer at Home Order*, and in the interest of public health, the Board adopted a Remote Participation policy for town operations and moved forward with the closures of town buildings.

The shift to remote work was only the beginning, over the following few weeks, the Board proactively adopted a series of human resource, finance, communication and operations policies and procedures to ensure uninterrupted town services, fiscal stability, and public health and safety for all employees, volunteers, citizens and businesses. Included, was the Board's decision to postpone the Annual Town Meeting & Election.

In April, the Board voted to extend the due date, and waive interest, for certain property tax bills for those taxpayers that demonstrated a COVID related hardship, as an added measure to ensure

fiscal wellbeing on various levels. Despite the additional work resulting from COVID, the town's business continued to move forward. The fiscal demands and impacts of the pandemic resulted in a continuously shifting FY21 budget. The town's finance team dutifully provided the Board and community with budget updates. The Capital Planning Committee also continued its work and presented the Board with a Capital Plan update.

In May, and with much disappointment, Veteran's Agent Vincent Fountaine, notified the Board that the 2020 Memorial Day Parade would be cancelled as a result of existing pandemic related restrictions. Alternatively, Memorial Day services were aired on WRPS. With the continued and mounting expenses associated with the pandemic, the Board voted to deficit spend COVID-19 related expenditures. The Board also voted to put forth a Community Preservation Act application to establish a Rental Assistance Program for residents impacted by COVID-19. Additionally, the Board established new dates for the 2020 Annual Town Meeting and Town Elections, both of which were postponed to June.

In June, a successful Town Meeting was held with a reduced minimum quorum, as allowed by emergency legislation. A logistically challenging, but successful election season also concluded in June.

As the depth of the continued pandemic was further realized, the Board voted to submit a Community Development Block Grant – CV application, in collaboration with four regional communities, to assist local microenterprises and supplement local public social services. A successful application would later result in a \$662,400 award to support both activities. Continuing efforts to support local businesses, the Board voted to grant Temporary Relief from Licensing and Zoning Issues allowing certain businesses to maximize their spaces and operations in response to continued constraints placed upon them under the COVID-19 State of Emergency.

The Board also continued its annual committee appointments, including the appointment of Board Member, Michael Mullen, to the Plymouth County Advisory Board.

In July, following the delayed election season, the Board reorganized and voted Michael O'Loughlin, Chairman, and Kara Nyman, Vice-Chairman. All incumbents were re-elected in 2020.

August arrived with a few positive notes. The Board began a series of selections of *Health Care Workers of the Week* to recognize Rockland's heroes working on the frontlines of COVID. While town buildings remained closed to the public, employees returned to their offices as the community slowly moved towards reopening.

Fall of 2020 was the beginning of both a challenging and unusual school year as students returned to classes in a hybrid model of in-person and remote learning. In-person learning looked different also as students and staff returned under social distancing and face covering protocols, two practices which became society's new normal in the ongoing effort to "stop the spread" of COVID-19.

In September, the Board began preparations for a November Special Town Meeting and, again, voted to reduce the minimum quorum requirement so that the work of the town could proceed forward despite continuing COVID-19 related restrictions, which remained in place.

Throughout October and November, the Board received updates from various Department Heads on their continued operations.

A successful Special Town Meeting was held on November 16th to restore substantial budget reductions made to the FY21 budget in June, due to the uncertainty of state aid projections at that time as the state budget was significantly delayed due to the financial impact of COVID-19.

The year closed out with the Town Administrator's presentation of the FY22 preliminary budget and adoption of the Town's Master Plan which will serve as a community roadmap for the next ten years.

To say that 2020 is a year for the history books is both a fact and an understatement. The Board could not be prouder of the resiliency consistently displayed by employees, volunteers, citizens, and businesses as the Town navigated the difficult impacts of COVID-19. COVID-19 was a crisis that created opportunities for the community to pull together, and it did so gracefully. For this, the Board will be forever grateful.

Consistently assisting the Board and so many others, the Board issues a special thank you to Executive Assistant Susan Ide, for her reliability and dedication to the Town of Rockland.

The Board also extends its gratitude to former Veteran's Agent Vincent Fountaine, for routinely going above and beyond to serve Rockland's Veterans. The Board wishes Mr. Fountaine all the best.

The Board also acknowledges the work and accomplishments of Member Michael Mullen. Mr. Mullen served the Town with commitment, focus and a contagious energy that will be missed by his colleagues. The Board wishes Mr. Mullen every success in his future endeavors.

Respectfully submitted,

Michael P. O'Loughlin, Chairman
Kara L. Nyman, Vice-Chairman
Larry Ryan, Member
Michael P. Mullen, Member
Richard Penney, Member

Douglas Lapp, Town Administrator
Jennifer Constable, Assistant Town Administrator

BOARD OF ASSESSORS

To the Honorable Board of Selectmen:

We hereby submit our report for the fiscal year ending June 30, 2020.

The following is the 2020 Tax Recapitulation as submitted to the Department of Revenue.

I Distribution of Tax Rates and Levies:

Property Type	Levy%	Value by Class	Levy by Class	Tax Rate
Residential	80.4281%	1,792,855,633.00	31,374,973.58	\$17.50
Commercial	12.4599%	277,748,397.00	4,860,596.95	\$17.50
Industrial	5.2774%	117,640,700.00	2,058,712.25	\$17.50
Personal Property	1.8346%	40,894,860.00	715,660.05	\$17.50

Other Available Funds	\$ <u>1,411,520.00</u>

Total Estimated Receipts & Other Revenue Sources: \$ 35,651,914.00

IV Summary of Total Amount to be Raised & Total Receipts from All Sources:

Total Amount to be Raised	\$ 74,661,856.83
Less Estimated Receipts & Other Revenue Sources	\$ <u>35,651,914.00</u>

Fiscal Year 2020 Real and Personal Property Tax Levy: \$ 39,009,942.83

The property tax levy is the revenue the community can raise through real and personal property taxes and is the largest source of revenue for the Town of Rockland. The property tax levy for Fiscal Year 2020 was \$39,009,942.83 representing approximately 52% of the town's total budget of \$74,661,856.83 for Fiscal Year 2020. The residential share of the property tax levy was 80.4%, while commercial, industrial and personal property accounted for 19.6 % of the levy.

It is the Assessors' responsibility to establish fair market value for all properties in the Town of Rockland. Fiscal Year 2020 was an interim valuation year and the Assessors adjusted property values in accordance with real estate sales from calendar year 2018. According to Department of Revenue guidelines, property values should fall within a range of 10% plus or minus of 100% fair market value. Arms-length sales were classified and analyzed, market trends were identified, and the new parameters were applied consistently to all properties.

The Commissioner of the Department of Revenue approved the total valuation of the Town of Rockland for Fiscal Year 2020 at \$2,229,139,590 with a uniform tax rate of \$17.50 per thousand dollars of assessment. Fiscal Year 2020 assessments can be accessed through the Town of Rockland website at <https://www.rockland-ma.gov/> and are also available at the Assessors' Office at Town Hall.

The Board of Assessors would like to acknowledge Debra J. Krupczak for her continued professionalism as Assessor/Appraiser and Administrative Assistants Christine MacPherson and Leslie Donovan for their capable and courteous assistance staffing the Assessors' Office.

The Board of Assessors would also like to express our sincere thanks to all the town officials, department heads and clerical staff for their help and cooperation during the past year.

Respectfully submitted,

Dennis M. Robson, Chairman
Dianne M. Molineaux., Vice-Chairman
Charles E. Wehner Jr., Member

Debra J. Krupczak MAA, Assessor/Appraiser

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen and the Residents of the Town of Rockland:

In accordance with Chapter 41, Section 61, or the Massachusetts General Laws, I hereby submit this report on behalf of Accounting Office for Fiscal Year Ended June 30, 2020. The Town Accountants' report includes *the Town of Rockland's Unaudited Balance Sheets, Change in Fund Balance Report, and the Fiscal Year Ended June 30, 2020 Budget to Actual Activity Report*.

2020 saw the beginning of the Coronavirus pandemic. The financial uncertainties that came hand in hand with the pandemic became a rallying cry for departmental unity. Each Department Head rose to the challenge and successfully navigated through an instituted a spending freeze and, furloughs within both the Town and School Departments. These administrative actions helped to ensure financial stability.

I am proud to say that I work with a dedicated team of individuals and I would like to thank the Board of Selectmen, fellow Department Heads, School Department and their staffs for their cooperation and support in achieving the Town of Rockland's goals.

On a personal note, I would like to thank the Accounting Department's invaluable staff, Sirena Amaral and Megan Fountaine for all their hard work and support.

Respectfully submitted,

Elizabeth A. Zaleski, Certified Governmental Accountant Town Accountant

DEPARTMENT OF HUMAN RESOURCES

To the Honorable Board of Selectmen and Citizens of Rockland:

It is my pleasure to submit the Annual Report for the Town of Rockland's Human Resources Director position for calendar year 2020. This position is under the general supervision of the Town Administrator.

This past year the Coronavirus pandemic brought many challenges for Human Resources such as, implementing a new Telecommuting policy, processing furloughs, determining paid versus unpaid time off and employee quarantine protocols. Also, recognizing the importance of employees' fear and anxiety relating to the pandemic and in turn provided online resources for employees and their families to utilize as well as providing Coronavirus testing sites and important information as it evolved. There was an immense amount of work and pressure that was placed on so many of us during this difficult time, but I'm grateful to work side by side with amazing colleagues and feel we handled the pandemic as best we could with limited information and resources available.

While the pandemic derailed our track, the day to day responsibilities could not be overlooked. The Human Resources Director focuses on recruiting, screening, and assisting department heads and boards with interviewing, hiring, performance improvement plans and terminations; and participates in contract negotiations. It also continues to act as the Benefits Administrator for health, dental and 457 plans; employee enrollments and terminations; answers employee, retiree and candidate benefits questions by phone and in person; workers' compensation and injured-on-duty claims; audits personnel records, and coordinates FMLA and COBRA benefits, administers CORI and I-9 forms; and more. In the past year, as Human Resources Director, I have accomplished the following:

- COVID-19 Task Force Team- Strategized, developed, communicated, and implemented policies and procedures for employees such as Telecommuting, FFCRA Sick Leave/Child Care Policy, Testing, Quarantine Protocols, Employee Assistance Program, Building Protocols to name a few.
- Processed furloughs and tracking of benefits owed.
- Analyzed, requested, processed and forwarded necessary documentation to insurance broker for renewal of Town insurances which averaged an increase of approximately 1%.
- Wage and Classification Study including developing new job descriptions with Clerical Union and Town Labor Counsel. Expected to be completed in 2021.
- Performance Evaluations and Goal Setting.
- Completed the Personnel Policy Manual which began the process of moving many department heads off contracts.
- Organized online open enrollment due to the Pandemic.

- Attended Massachusetts Education & Government Association (MEGA) Annual Meeting and Training Seminar on Loss Control, Claims Control and Employee Assistance Plans.
- Member of, and attended, Massachusetts Municipal Association quarterly educational meetings and networking events as well as the annual MMA Trade Show.
- Conducted several Salary Compensation Studies for positions up for contract negotiations
- Facilitated Sewer Superintendent Hiring with Commissioners.
- Onboarded and new hire packages were completed.
- Educated and processed retiree packages.
- Member of Massachusetts Municipal Human Resources Association.
- Member of Society for Human Resource Management (SHRM)
- Scheduled onsite Flu Clinic for all employees
- Mandatory Federal Motor Carrier Safety Administration Clearing House completed for CDL drivers as well as distributing OSHA Materials.
- Managing Human Resources page on the Town Website with current information.
- Processed all Workers Compensation Claims for Town, School and Water Departments.
- Completed Audits for Workers Compensation with Neilsen Incorporated
- Guided Town employees and Plymouth County retirees through health, dental, life insurance, and other benefits offered through the Town

I will continue to manage the above responsibilities and work diligently to make sure the Town of Rockland is up to date with compliance standards, compensation, policies and procedures, and continue to review insurance policies that will best meet the needs of both the Town and our employees. I will continue to communicate updates and ongoing changes to employees, as well as organize the Town of Rockland's annual open enrollment for benefits this upcoming spring.

The Human Resources goal is to have a positive impact in the work life of employees and their families. I will continue to offer an open-door environment for employees, retirees, and the public, to provide access to information, employment opportunities and the many benefits the town offers. The Town will continue to offer cost-efficient packages benefiting all.

While this year proved to be one of the most challenging years to date, I'm proud of the accomplishments we have made. I appreciate the help and support of all Town departments, BOS Executive Assistant, Assistant Town Administrator, and the Town Administrator. I would also like to thank the Board of Selectmen, Town Employees, and Rockland residents for allowing me to have this opportunity as Human Resources Director. As always, I look forward to working together and moving forward in a positive direction.

Respectfully submitted,
 Stacy Callahan
 Human Resources Director

2020 ANNUAL REPORT OF THE BOARD OF HEALTH

For Fiscal Year July 1, 2019 – June 30, 2020

The Board of Health respectfully submits the following report to the citizens of Rockland.

It is the Board's responsibility to promote and protect public and environmental health within the community by enacting policies, implementing programs, enforcing regulations and providing preventive services for the residents of Rockland. The Board of Health provides inspectional services for food safety, public/semipublic pools, housing and camps. Annually, the Board of Health issues permits for food service and retail food establishments, including mobile vendors, one day caterers, caterers, commercial kitchen; tobacco retailers; trash haulers; septage haulers & installers; and private wells.

The Board consists of three members, who meet publicly on a regular basis to conduct departmental business and address concerns brought to their attention by the community. This year we are joined by a new Board Member Christine Stuart and want to send a sincere thank you to Victoria Deibel for her 20+ dedicated years on the Board. The current Board brings specialized knowledge to the Health Department. Chairman Scott Margolis is educated in Emergency Preparedness, CPR certified and has a background in Food Safety. Vice Chairman Stephen Nelson is a Registered Sanitarian & Licensed Water & Water Treatment Operator, Member Christine Stuart is educated and practices in the medical field. The entire Board's commitment and dedication to public services is an asset to the Rockland Community.

The Board continues to work with various vendors in furthering its recycling outreach programs. The South Shore Recycling Cooperative is continually providing its member towns with diverse recycling opportunities.

In March, we began to see Covid-19 virus cases enter our community, which then added additional tasks for the office staff, including enforcement of State guidelines, mask wearing, social distancing and gathering size orders. This has been very overwhelming time for all.

The Board extends its sincere thanks and gratitude to all departments for their cooperation with specific thanks to all the 1st responders that have been dealing with COVID-facing care, Rockland Fire and Police Departments, Peter Ewell and his staff at the Park Department, and Dave Taylor and his staff at the Highway Department for their continued support.

Respectfully submitted,

Scott Margolis, Chairperson
Stephen B. Nelson, Vice Chairperson
Christine Stuart, Member
Delshaune Flipp, Health Agent
Kathleen Anzalone, Assistant
Jeanine Oliver, Assistant

REPORT OF PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2020.

The Project is a special district created by the State Legislature in 1957, and is composed of all Plymouth County towns, the City of Brockton, and the town of Cohasset. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2020 efforts were directed at larval mosquitoes starting with the spring brood. The Project ground and aerial larvicided 11,396 acres and this was accomplished using Bti, an environmentally selective bacterial agent. An additional 311 acres were treated as part of a trial studying the effectiveness of methoprene on mosquitos in cedar swamps. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began on June 1st, 2020 and ended on September 25th, 2020. The Project responded to 17,923 requests for spraying and larval checks from residents covering all of the towns within the district.

The Department of Public Health (DPH) has developed an “Arbovirus Surveillance and Response Plan” for the state. The Plan creates a system which estimates the human risk for contracting Eastern Equine Encephalitis and West Nile Virus using several factors including the number of infected mosquitoes. In 2020 there was significant EEEV activity in the district. Based on guidelines defined by the Plan, all towns in Plymouth County Mosquito Project started the season at “Low Level Risk” for Eastern Equine Encephalitis. The following towns remained at low risk: Abington, Brockton, Cohasset, Duxbury, Hanover, Hingham, Hull, Marion Marshfield, Mattapoisett, Norwell, Rockland, Scituate, and Whitman. The towns at moderate risk were: Lakeville, Pembroke, and West Bridgewater. The towns ranked at High risk were: Bridgewater, East Bridgewater, Hanson, Kingston, Plympton, Plymouth, Rochester and Wareham. The towns at critical risk for EEEV human infections were Carver, Halifax, and Middleboro. Two residents of the district contracted EEE and two other infections were associated with the district.

The Commonwealth of Massachusetts responded to the EEEV activity by conducting wide scale aerial adulticiding in early August. The application occurred over much of the district and encompassed 200,000 acres. Applications of this kind are complex and involve a large number of state agencies including DPH, Massachusetts Department of Agriculture (MDAR) and

The State Reclamation and Mosquito Control Board (SRMCB). The Project assisted with the application including supplying equipment and helping to document the efficacy of the application.

West Nile Virus activity occurred predominately in and around Boston. Statewide there were 8 human cases, none of them were in the district. DPH estimated the risk of WNV human infections to be low for all of the district for the entirety of the season. As part of our West Nile Virus control strategy a total of 60,450 catch basins were treated with larvicide in all of our towns to prevent WNV.

The Project participates in DPH's mosquito surveillance program. As part of that program we collected over 70,000 mosquitoes and submitted 23,267 mosquitoes for testing. The mosquitoes were combined into 608 pools. DPH also tested 13,588 mosquitoes from the district. In all there were 61 isolations of EEEV from mosquito samples. They were from the towns of Bridgewater, Carver, Hanson, Kingston, Middleboro, Plympton, and Wareham. There were 7 WNV isolations from Halifax, Hanson, Middleborough, and Plympton.

The health threat of EEE and WNV continues to ensure cooperation between the Plymouth County Mosquito Control Project, local Boards of Health and the Department of Public Health. In an effort to keep the public informed, EEE and WNV activity updates are regularly posted on the Department of Public Health website.

The introduced mosquito *Aedes albopictus* has the potential to become a serious pest and a vector of disease. The mosquito has been present in the Massachusetts since 2009. In conjunction with DPH we have been monitoring *Aedes albopictus* expansion in the state. The larvae live in containers and are closely linked with human activity. They are especially associated with used tires. We conducted surveillance for *Ae. albopictus* at 8 locations. This year we did not detect the mosquito. The Project began a tire recycling program in October 2017. During the 2020 season we recycled 1,960 tires bringing us to a total of 11,524 tires for the program.

The figures specific to the town of Rockland are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Rockland residents.

Insecticide Applications: Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Field Technicians continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. In Rockland 289 larval sites were checked.

During the summer 1,767 catch basins were treated in Rockland to prevent the emergence of *Culex pipiens*, a known mosquito vector in West Nile Virus transmission.

Our staff treated 538 acres using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

Water Management: During 2020 crews removed blockages, brush and other obstructions from 910 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito production. This work, together with machine reclamation, is most often carried out in the fall and winter.

Mosquito Survey: Our surveillance showed that the dominant mosquitoes throughout the district were generally *Coquillettidia peturbans* and *Oc. canadensis*. In the Town of Rockland the three most common mosquitoes were *Cq. peturbans*, *Oc. canadensis* and *Cx. pipiens/restuans*.

Education and Outreach: The Project hosted an event with the Governor to raise awareness of EEE in Massachusetts. The event was broadcast live and reached thousands of residents in the Commonwealth. Our phone system has been updated to make it easier for residents to reach us during the peak season and our website is continually updated with information about meetings and the annual budget. It also includes educational handouts to provide more information and better describe all the Project's services.

We encourage citizens or municipal officials to visit our website at www.plymouthmosquito.org or call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Respectfully submitted,

Ross Rosset
Superintendent

Commissioners:

BUILDING DEPARTMENT

To the Honorable Board of Selectmen and Citizens of Rockland:

I hereby submit the Annual Report of the Building Department for the year 2020.

During the year the Commissioner reviewed and issued 660 Building Permits and conducted approximately 561 Inspections. The scope of these permits ranged from Detached Single-Family Dwellings, Attached Townhouse Style Single Family Units, Commercial Buildings as well as Residential and Commercial Remodeling work.

Building Permit Fees collected totaled \$165,162.00 which reflected a construction value of approximately \$22,394,527.00 +/- . This included a \$10,000,000.00 permit that had the permit fee waived.

Included in the above numbers are 42 permits issued for solar panel installations with a permit fee income of \$13,770.00. This is about the same numbers of installs as last year.

Inspections made throughout the year also include Certificates of Compliance issued to establishments such as schools, restaurants, bars, hotels, day care centers and multi-Family Structures and Fire Escapes.

The Building Department also has a local inspector on board to cover the requirement of inspecting multi-family homes and fire escapes. John Undzis has done over 20 inspections on Multi-Family housing units and Town buildings to bring them into compliance as well as assist the Building Commissioner with some of his inspection requirements.

I would like to thank Administrator Assistant John Lucas and Assistant Michelle Hamilton for running the office as smooth as possible through these tough times.

Respectfully submitted,

Thomas Ruble
Building Commissioner
Zoning Enforcement Officer

SEALER OF WEIGHTS & MEASURES

To the Honorable Board of Selectmen and Citizens of Rockland:

During 2020 the Sealer of Weights and Measures tested and sealed 22 scales, conducted 92 tests of gasoline and diesel meters, 9 scanning systems, 13 reverse vending machines, 3 cloth measuring devices and 1 wire cordage. This is a total of 140 devices that were sealed. The total amount of fees collected in 2020 was \$4,995.00.

Respectfully submitted,

Thomas Ruble
Sealer of Weights & Measures

WIRE DEPARTMENT

To the Honorable Board of Selectmen and Citizens of Rockland:

In the year 2020 the Inspectors of Wires issued 417 Electrical Permits and conducted approximately 444 inspections. Wiring Permits fees collected totaled \$37,799.00.

We have had over 42 permit applications for roof top solar installations generating over \$3,570.00 in permit fees this past year.

The Wiring Department also responded to over 28 off hour calls from the Fire Department.

We look forward to completing more energy saving projects in 2021 and furthering our commitment as a “Green Community”. It promises to be an eventful year!

We would like to extend our appreciation to all Town Departments who worked with us throughout the year.

Respectfully submitted,

Jim Paul & Mike Dutton
Inspector of Wires

Nick Earner
Alternate Inspector

PLUMBING INSPECTOR

To the Honorable Board of Selectmen and Citizens of Rockland:

The following is my report of the Plumbing Department for the calendar year January 1, 2020 through December 31, 2020.

During this period our office issued 226 Plumbing Permits for revenue of \$13,770.00 and conducted approximately 157 inspections.

My thanks to all Departments who worked with us during the year 2020.

Respectfully submitted,

William Callahan
Plumbing Inspector

GAS INSPECTOR

To the Honorable Board of Selectmen and Citizens of Rockland:

The following is my report of Gas Inspections for the calendar year January 1, 2020 through December 31, 2020.

During this period our office issued 217 Gas Permits for revenue of \$9,775.00 with approximately 107 inspections.

My thanks to all Departments who worked with us during 2020.

Respectfully submitted,

William Callahan
Gas Inspector

REPORT OF THE FENCE VIEWER

To the Honorable Board of Selectmen and Citizens of Rockland:

As Fence Viewer of the Town of Rockland, I serve the Community in several ways. It is the duty of the Fence Viewer to enforce the Fence Laws as per the Massachusetts General Laws, as well as the Town By-Laws regarding fences. It is also my duty to attempt to resolve fence issues between abutters.

In 2020 the Fence Viewer acted in several “fence situations”. Each of the “situations” was handled to the fullest capacity of the Fence Viewer’s authority. In addition to those situations, the Fence Viewer answered numerous questions regarding fencing via the telephone.

If you have a question or complaint regarding fence issues, please contact me through the Building Department (781-871-1874 ext.1191).

Respectfully submitted,

Thomas Ruble
Fence Viewer

TRENCH PERMITS

To the Honorable Board of Selectmen and Citizens of Rockland:

As of December 31, 2020, the permitting authority for trenches has issued a total of 11 permits and collected a total of \$4,50.00 in fees. The fee for two trenches was waived as it was a Town property.

Respectfully submitted,

Thomas Ruble
Building Commissioner

ROCKLAND CONSERVATION COMMISSION

Annual Report – 2020

To the Honorable Board of Selectmen and Citizens of the Town of Rockland:

I hereby submit the annual report of the Rockland Conservation Commission (the Commission) for the year 2020.

The Commission serves an important role in the community and within the Commonwealth of Massachusetts as they are the Administrator of the state's Wetlands Protection Act, M.G.L. Chapter 131, Section 40 (the Act), the MA Stormwater Regulations & Standards and the local Wetlands Protection By-Law in the Town of Rockland (Chapter 407 - the Bylaw). Under these laws, the Commission processes many permit applications each year to work in or near vegetated wetlands, floodplains, rivers, riverfront areas, streams, and wildlife habitat. They are charged with the responsibility to protect the eight interests that wetland resource areas provide the residents and businesses of the Town of Rockland including: protection of public and private water supplies; groundwater supply; flood control; storm damage prevention; prevention of pollution; and protection of fisheries and wildlife habitat.

The five-member volunteer board met twice during the month, as needed, prior to onset of the COVID-19 pandemic. After a brief postponement of public hearings during the Spring, the Commission resumed holding virtual public hearings, as needed. The Commissioners that served the community in 2020 include:

Douglas Golemme, Chair
Lorraine Pratt, Member
Ron Brunelle, Member

Charlene Judge, Vice Chair
Virginia Hoffman, Member

In 2020, the Commission investigated all citizen complaints regarding potential wetland violations; considered and issued Certificates of Compliance; Determinations of Applicability; Order of Resource Area Delineations; Orders of Conditions; and facilitated construction monitoring for several projects. Through M.G.L Chapter 44 Section 53G, the Commission collects Consultant Review Fees from applicants to hire technical experts in the fields of permitting, wetland science, stormwater management, and wildlife management to review and render professional opinions in the public hearing process to ensure each decision made by the Commission is in compliance with the regulations and protects the interests provided by the wetland resources. Taking advantage of this lawful opportunity saves the Town of Rockland significant money that normally is used to fund a Conservation Agent or outside legal counsel.

The quantity of filings and projects before the Commission is comparable to the past eight years. With the assistance of outside consulting services, the Commission successfully reviewed and permitted several new private commercial developments and several municipal projects in Rockland.

Of note was the Commission's approval of the Rockland Elementary School re-development which will feature: a new school building, expansion of and improvements to existing recreational fields; and increased compliance with the MA Stormwater Regulations. Additionally, the Commission approved a drainage improvement project off of French Road, which will provide nearby residents with needed relief from stormwater inundation due to poor drainage and will result in an increase in water quality of stormwater runoff that ultimately contributes to the Hingham Street Reservoir public water supply.

Douglas Golemme
Conservation Commission Chairman

COUNCIL ON AGING

To the Honorable Board of Selectmen and Citizens of Rockland:

Our mission is to be the focal point for the provisions of services to the Senior Community. It is our purpose to initiate, facilitate, and/or provide services to enhance the lives of our senior residents.

This year has been a difficult time for all of us. We all had to make major adjustments in our lives. Face coverings, social distancing, sanitizing, and looking for much needed toiletries! Seniors living in nursing facilities and/or those who were hospitalized, were left alone without any of their loved ones.

Many adjustments were made here at the Senior Center, starting off by saying Happy Retirement to Eleanor Murphy our Outreach Coordinator. Eleanor was servicing the seniors of Rockland for 13 years. We sent her off with a special drive-by celebration. We all wish her many happy years in her next chapter in life.

Keeping seniors socially distant, adding sanitizing stations, face coverings, and screenings before entering the building for scheduled appointments were our top priority. While our corridors and classes were always full of chatter and laughter, it has been difficult for the staff to endure the silence of the building.

St. Patrick's Day was celebrated in house, with our annual Corn Beef and Cabbage dinner before our shut down. There were 130 seniors enjoying the dinner and entertainment. After we closed our special events and lunches continued, but as a Drive-up Grab and Go program Monday through Friday. We served 6,594 Grab and Go meals and 13,000 plus Meals on Wheels. Some of the lunches were themed such as Sock Hop, Apple Crisp Day, Thanksgiving dinner, New Year's Eve Day. Special events were mystery bag, birthday celebrations and gingerbread houses.

Meals on Wheels continue through the pandemic by a dedicated group of volunteers. I cannot thank them enough for all their time. I would like to thank all the Rockland residents who offered their services during the pandemic to help out with the delivering of the meals. The Cert Team was instrumental in filling in where needed.

Chair Yoga and Strength and Stretching classes were via Zoom. Shine (Serving the health insurance needs for elders) and fuel assistance were by appointment only.

The Council on Aging continued to work with The Executive Office of Elder Affairs, Old Colony Elder Services and Old Colony Planning Council. Old Colony Elder Services put together special food distribution bags and meat packages which were delivered by our Outreach Coordinator Stacy Driscoll.

Our Staff and Board Members would like to express their sincere appreciation to all the volunteers who continue to support our senior community.

In closing, I would like to express my sincere sympathy to the families of the seniors we have lost this past year. Many were part of our senior center family. I will miss them and hold them dear to my heart.

Respectfully submitted,

Peggy Bryan, Director

ROCKLAND CULTURAL COUNCIL

To the Honorable Board of Selectmen and the Citizens of the Town of Rockland:

The Rockland Cultural Council (RCC) is pleased to submit the Annual Report for the year 2020.

The Rockland Cultural Council continues to be a streamlined council for the state due to the training of the council members and the success of the council in submitting accurate grant requests and financial reports. This allows Rockland a fast turnaround time for state funds to be granted. It also reduces the number of required meetings. Agendas for meetings are posted at Town Hall. Programs which have received grants are advertised in local media by grant recipients who publicize the event and acknowledge RCC and the MCC (Massachusetts Cultural Council) for funding. Come support your local artists and sponsoring entities by attending their programs.

This has been a challenging year with Covid 19 making the production of many approved programs undoable owing to the constraints upon people gathering to enjoy performers. Some of our funded performers were able to switch to online programming which allowed them to fulfill their programs or had a date that was before lockdown. It has been a difficult year for those who are direct entertainers of groups.

MCC has recognized the difficulty and performers have been given a grace period into 2021 with their FY 2020 funding intact. Rockland Cultural Council was able to participate in this endeavor. Therefore, we are looking forward to the rescheduling of the remaining performers who were unable to mount their programs before the end of 2020.

For FY 2020 the RCC was awarded \$10,500 for granting from MCC. The Council strives to fund events to benefit the entire community. We would appreciate feedback, suggestions, and ideas. Usually, each September RCC holds a community input meeting during which Rockland residents are encouraged to voice opinions and be informed of the process of application for a grant and receipt of information regarding state guidelines. We welcome the community to also attend any of our meetings, usually held at the Senior Center on Plain Street, although Zoom following open meeting guidelines has been our meeting place recently.

RCC also maintains a scholarship for residents studying the arts or humanities at the sophomore level and beyond. As a fundraiser, we sell "Notables", notecards depicting Rockland landmarks which fund our art scholarship for Rockland residents who are attending and majoring in the Arts at accredited colleges and universities. The cards may be purchased at the Selectman's office in the Town Hall. The cost of \$15 per set goes 100% directly into the scholarship fund.

The Council is seeking new members as the state guidelines allow for a six-year membership before current members are rotated off the board for at least a year. Please ask at the Selectmen's office for an application.

Respectfully submitted,

Nancy Davis, Chair
Nancy Parmenter, Treasurer
Maryellen Concannon, Secretary

Michelle Finn, Member
Deborah Vecchione, Member

ROCKLAND COMMUNITY PRESERVATION COMMITTEE

To the Honorable Board of Selectmen and the residents of Rockland:

It is with pleasure that we submit the 2020 Annual Report of the Rockland Community Preservation Committee.

2020 was a challenging year on all fronts. The Rockland Community Preservation Committee faced several setbacks concerning the projects slated to start this past spring. The current pandemic kept the both of our first-year endeavors on hold.

Despite the pandemic, the CPC had a total of nine new projects approved at Town Meeting. The support for these Articles was overwhelming, as they were all accepted via unanimous votes. The support that was received was endearing to all of us on the committee, as the Town has thrown its support behind this program.

Unfortunately, due to the pandemic, the Committee received no new applications as of the closing date of our 2020 application window. New applications are encouraged to be turned in for any qualifying projects up until October 31, 2021.

The RCPC is looking forward to 2021 with optimism that we as a Town, will emerge from this trying year with a renewed vigor for community. As always, the RCPC will be ready to help keep Rockland, the great place it is.

Respectfully submitted,

The Rockland Community Preservation Committee

Derek Ewell, Chairman

John Hennessy, Vice-Chair

Thomas Reagan, Treasurer

Joe Reis

ROCKLAND FIRE DEPARTMENT

TO THE CITIZENS OF ROCKLAND AND THE HONORABLE BOARD OF SELECTMEN:

I hereby submit the annual report of the Rockland Fire Department for the year 2020

The Rockland Fire Department extends our support and best wishes to all the Rockland families and residents that have been adversely affected by the COVID-19 Pandemic. Our community continues to experience devastating costs this virus has brought to this town. Rockland is a tough and strong community; we will get through this. Please do not hesitate to reach out to us. The Rockland Fire Department is here for you.

THE ANNUAL REPORT

The Rockland Fire Department responded to a total of 3,127 requests for emergency services. The ambulances responded to 2,184 of the total department requests for emergencies. Of the 2,184 ambulance responses, there were 1,613 hospital transports by the Rockland ambulances. This year is a rare occasion where the number of emergency responses has decreased from one year to another. This decrease can be directly attributed to the COVID-19 Pandemic.

The following chart is a breakdown of Rockland Fire Department Responses:

Incident Type	Number of Responses
Structure Fires	26
Vehicle Fires	5
Rubbish/Dumpster Fires	2
Wildland/Brush Fires	11
Other Types of Fires (nonspecific)	14
Medical and Motor Vehicle Accident Responses (mutual aid included)	2,184
False Alarms	320
Mutual Aid Given for Fire Responses	2
Hazardous Material Incidents	29
Other Hazardous/Good Intent Responses	534
Total	3,127

The largest focus during 2020 for the Rockland Fire Department was the COVID-19 Pandemic. As the pandemic became a reality, the Rockland Fire Department was quick to react to the required changes in operations needed to protect the public and staff. Purchasing PPE became an everyday challenge as we tried to obtain face coverings, respirators, and disinfectants. We were fortunate to have received numerous donations from local businesses that helped sustain us through the early months of dealing with the virus.

The operations of the department were continually changing as information and knowledge of the Coronavirus was learned. As medical professionals, the department members had to learn new techniques to approach, assess, and treat patients. These new techniques were necessary to keep both the patients and first responders safe from transmitting the virus. A similar approach

was needed when responding to fire and investigation incidents. We had to approach every call as if we were walking into a building or house that the virus had infected. The firefighting/EMS profession is a personal, up-close job that now had to be performed at a distance and behind layers of uncomfortable PPE.

The Rockland Fire Department members performed amazingly to the constant changes that were made to keep them safe inside the fire station and out in the public as they completed their work. The fire station is like a second home to us. We eat, sleep, hang out, and gather between emergency incidents and department duties. Much of the family-like atmosphere had to stop as social distancing rules were enforced to keep the potential infection of COVID-19 from spreading throughout the staff. I want to thank all the department members for their ideas, suggestions, and adherence to the changes and new rules put in place during this pandemic. We were able to work together to keep each other safe and healthy. We had put in place precautions and practices that ensured staff was able to respond to the town's needs.

As the world around us was shutting down and the public was isolating in their homes and attempting to maintain social distancing guidelines, first responders' duties continued to be needed. The work of the fire department did not stop. We saw a slow down in the early months of the pandemic, but calls for assistance seemed to have returned to normal, if not busier levels.

I am proud to announce that there are highlights from 2020. This year marks the second year in a row that Rockland Firefighters have been recognized for heroic actions. Captain Jason Fricker, Firefighter Richard Furlong Sr., and Firefighter Michael Tracy have been chosen to receive awards by the Massachusetts Firefighter of the Year Award Committee. These three men earned their award nominations for saving an unconscious female from inside a burning building at 20 East Water Street on the night of January 2, 2020. Due to COVID-19, the award ceremony has been delayed until later in 2021, and specifics on what awards these heroes will be given is unknown at this time.

The members of the fire department continue to apply for and receive grants. The department has been fortunate to receive three federal grants and two state grants. The Federal grants were awarded through FEMA's Assistance to Firefighters Grant (AFG) Program. These grants totaling \$343,243.18 will fund the purchase of a new Brush Truck for fighting woods fires, training for the response to hostile/active shooter incidents, and COVID-19 PPE and supplies. Thank you to Firefighter Marc Oshry for your hard work and dedication in obtaining these grants. The state grants which the department received funded the purchase of a firefighting gear washing machine and fire safety training for children and senior citizens.

As always, thank you to the Citizens of Rockland for your continued support of **your** fire department.

PERSONNEL

Your Fire Department consists of the Chief, Deputy Chief, 2 Captains, 3 Lieutenants, 22 full-time firefighters, 2 part-time Fire Alarm attendants, and 1 Executive Assistant.

2020 was another busy year for the Rockland Fire Department in changes to personnel. The following are the retirements, promotions, and hiring of new personnel for the year:

On June 25, 2020, Firefighter Richard Furlong Sr. retired after 36 years of service to the Rockland Fire Department.

On July 16, 2020, Captain John Sammon retired after 36 years of service to the Rockland Fire Department.

We wish happy and healthy retirements to both Richie and John!

On July 26, 2020, Lieutenant David Cowing was promoted to the rank of Fire Captain.

On July 28, 2020, Firefighter/Paramedic Jonathan Hickey was promoted to the rank of Fire Lieutenant.

On August 18, 2020, Firefighter/Paramedic Charles Williams was promoted to the rank of Fire Lieutenant.

Congratulations to all those promoted for your hard work and success!

On March 2, 2020, Firefighter/Paramedic Robert Creighton started his career with the Rockland Fire Department. Firefighter Creighton transferred to the department from the Scituate Fire Department.

On October 20, 2020, Firefighter/Paramedic Adam DeChellis started his career with the Rockland Fire Department. Firefighter DeChellis was hired from the Massachusetts Civil Service list for firefighters.

On October 20, 2020, Firefighter/Paramedic Jonathan Conso started his career with the Rockland Fire Department. Firefighter Conso was hired from the Massachusetts Civil Service list for firefighters.

We wish Rob, Adam, and Jonathan the best of luck for a long, happy, and healthy career!

DEPARTMENT REVENUE

The Town of Rockland continues to use Coastal Medical Billing to perform all duties associated with ambulance billing. The Fire Department's Executive Assistant, Mary Ryan, oversees and coordinates all ambulance billing. In the calendar year of 2020, the Town of Rockland received \$1,068,364.49 in ambulance billing fees and another \$24,525.00 in permit fees

APPRECIATION

This has been a crazy year for the town of Rockland. Thank you to the citizens of Rockland for your continued support of the Rockland Fire Department and your support as we manage the COVID-19 pandemic. The love and support you have shown us have not gone unnoticed. We will continue to do our best to make you all proud.

A very special thank you to Mrs. Barbara Collyer and her family for their generous donations in memory of her son Charles Collyer. Mrs. Collyer related how it was Charles's dream to become a firefighter, but he didn't have the opportunity to meet that goal. In his memory, Mrs. Collyer wanted to donate a new fire coat to a member of the department. At the time of the donation, the department was in the process of ordering new firefighting gear. Below is Mrs. Collyer wearing the coat her gift had purchased. The siblings, nieces, and nephews of Charles donated American Flags to flown at the Fire Station. Thank you to the Collyer family for your incredible donations.

As mentioned earlier in this report, the Rockland Bussiness Community made donations that have kept the Rockland Fire Department members safe and healthy this past year. We received donations of masks, face shields, hand sanitizer, N95 respirators, and sanitizing wipes. I want to thank all the nail and beauty salons in town for your donations of masks. Your donations early in the COVID-19 pandemic were much needed. I want to thank the following corporations for your numerous contributions of PPE and other items we needed during these challenging times:

Alletess Medical Laboratory – 14 Howard Street
Home Depot – 1149 Hingham Street
National Coating – 254 Industrial Way
3M Corporation – 30 Commerce Road
Ocean State Job Lot – 360 Market Street
South Shore Technical Vocational High School – 476 Webster Street, Hanover

I want to thank all the Rockland Fire Department members for the hard work they performed over the past year. This pandemic has not been easy on the firefighters. Every day they have exposed themselves to the virus to ensure Rockland remains safe. I am proud of their work this year and even more proud of how they have handled this pandemic.

Thank you to Executive Assistant Mary Ryan. You continue to make my job as Fire Chief easy. Your dedication to the department is inspiring. You stuck with us through this pandemic and were in the office every day, while others in similar positions were working from home. Thank you!

Thank you to all the other town departments and town committees for supporting the Fire Department in the past year. It is cooperation like this that makes Rockland a great place to work!

Respectfully submitted,

Scott F. Duffey
Chief of Department

ROCKLAND EMERGENCY MANAGEMENT DEPARTMENT

TO THE CITIZENS OF ROCKLAND AND THE HONORABLE BOARD OF SELECTMEN:

I hereby submit the Annual Report of the Rockland Emergency Management Department for the year 2020.

THE ANNUAL REPORT

The Emergency Management Team has been working with other Town departments to help minimize the impacts of the COVID-19 pandemic. At the onset of this pandemic, personal protective equipment (PPE) and sanitizing supplies became extremely hard to obtain. We began to order and accept donations of masks, hand sanitizer, and disinfectants to build up a supply for all Town departments. Steadily we were able to build up a cache of COVID-19 supplies that were distributed to local Town departments. Special fogging machines were purchased for decontaminating meeting rooms, ambulances, police cruisers, Highway Department vehicles, and offices. The majority of these supplies were able to be purchased with federal funds obtained through numerous federal resources. Thank you to Town Accountant Elizabeth Zaleski for your management of the grant funds and your foresight to understand the need to make the funds last well into this pandemic.

The Rockland Community Emergency Response Team (CERT) were not idle during this pandemic. Team members assisted with delivering food and meals from the Rockland Council on Aging to many of our senior residents. Thank you to the CERT members who were able to help out.

I urge ALL residents to register on the Town's emergency notification system. Please enter your home telephone, mobile telephone, and email information to ensure you receive any emergency notifications from the Town. The link for registering on the system is: <https://www.smart911.com/smart911/ref/reg.action?pa=TownOfRocklandMA>

If you need any help, please contact Fire Chief Scott Duffey at 781-878-4094 for assistance.

If you have any ideas on making Rockland a safer place during emergencies, or you would like to volunteer with the Emergency Management Department, please contact Fire Chief Scott Duffey at 781-878-4094.

Respectfully submitted,

Scott F. Duffey
Emergency Management Director

INFORMATION TECHNOLOGY DEPARTMENT

The Information Technology function became an independent department reporting to the Town Administrator in 2018.

The Department provides Information Systems and Technology to support all Town departments and enterprises. We continually review the Town's infrastructure to identify opportunities to create savings and streamline management. The IT Department has worked to improve network and internet security, through upgrades of servers and firewalls. Recently the IT Department received a grant from the 2020 Cybersecurity Awareness Program from the Commonwealth of Massachusetts' Executive Office of Technology Services and Security, which is designed to support local government in improving overall cybersecurity posture through end-user training, evaluation, and threat simulation. The IT Department also procured a \$112,000 Community Compact grant from the Commonwealth of Massachusetts for the purpose of establishing online permitting for multiple Town departments.

The IT Director is responsible for working with the Board of Selectmen, as well as the Finance Committee, in making capital investments in information technology, such as servers, workstations, telephone (both cellular and voice systems), data networks, applications, information storage and vendor relations. The IT Director also guides all major application systems investments made by Town departments. This strategic focus emphasizes collaboration and coordination to address common needs in applications systems and business process across Town departments.

The Information Technology Department manages all aspects of end user computing for Town employees. The Town has a large inventory of workstations, servers, mobile devices, printers and plotters. Support of these devices and vendor relations falls upon the IT Director, as does direct support to employees and departments. The IT Department sets up system access for new employees and ensures access is removed when employees depart. The IT Department works with individuals and other departments to select, purchase, license and install job-specific hardware, software, and applications. In addition, the IT Department provides technical support for the Town's Web site.

The Town was challenged this spring to continue many of its Departments' work remotely, as many other organizations were. The IT Department assisted the Town's Departments, as well as the Town's many Boards and Committees, in being able to meet and work effectively while doing so remotely during the ongoing pandemic.

Respectfully submitted,

IT Director
Eugene Gingras

HIGHWAY DEPARTMENT

The Honorable Board of Selectmen and Citizens of Rockland:

The following is a report of the Highway Department for the year of 2020.

Springtime of 2016 the town voted to raise and appropriate \$6,500,000 to continue construction and perform additional road repair, reconstruction, and maintenance. Forest street is the last street on list and will be completed in 2021.

Road projects in order of completion:

- National Grid project: Levin, Moncrief, Josh Grey and Brooks Road. New gas main and services installed. National Grid will repair any patches over the winter and will refurbish roads in 2021. Roads will be milled and paved using our contractor and National Grid will pay for all work. Areas were prone to gas leaks over the last couple of years. (National Grid funds)
- Linden Street/Linden Court: Full reclamation. Added walk from Union Street to Linden Court. (Back entrance to high school). Added 2 inches of road binder and 1.5 inches of state top. Micro surfaced entire format. (Chapter 90 funds and General funds)
- Linden Street extension: Added new road from Linden Street to rear of stadium. Took the leftover reclaim from Linden Street project and built up new road extension. Added fines and paved 2 inches of road binder. Micro surfaced entire road format. (Chapter 90 funds and General Funds)
- Stadium project: Removed old asphalt from rear of stadium. Regraded and repaired all drainage. Added 2 inches of road binder. Finished with 1.5 inches of state top. Pulled out weak areas of parking lot and did an overlay with state top and micro surfaced. Not pretty, but functional. (Chapter 90 funds and General funds)
- Liberty Street: From Webster to Pleasant to Union Street, including Liberty Court and O'Donnell Court. Areas were all full reclamation. 2.5 inches of road binder was put down. Added 1.5 inches of state top and micro surfaced entire road format. Hackett Circle was an overlay and micro surface. (H20 funds and Chapter 90 funds)
- West Water/East Water/Union intersection: Areas were milled and paved with state top. All areas were updated with curbing and walk updates in previous year before final paving. All areas were striped to specs. (Road construction funds and Chapter 90 funds)
- Union Street Center: Area from East Water/West Water to North Avenue. Areas were milled and paved with state top. All areas were updated with curbing and walk updates. All areas were striped to specs. Striping was extensive in the center. (Road construction funds and Chapter 90 funds)
- Upper Union Street: Area from North Avenue intersection and including to VFW Drive. Curbing and walks were finished on the even side this year. Last of the ADA ramps were installed. Extensive drainage upgrades were performed. Water, gas, and sewer structures were all updated. Area was paved with 2.5 inches of road binder in 2019 and paved with

1.5 inches of state top this year. Striping will be installed in 2021. (Road construction funds and Chapter 90 funds and curbing article funds)

- VFW Drive/Hatherly/Union Street intersection: Pulled and reset curbing. Added new transitions where needed. Removed old slope curbing from islands and reconfigured and installed vertical 6-inch granite curbing. Area will be milled and paved in the future. (Road construction funds and Chapter 90 funds)
- Forest Street: Full reclamation on lower end by Parmenter Road and including Parmenter. Added 2.5 inches of road binder in this area. Cut out all weak points on the remainder of the road to Union Street. Next year, will reclaim West Pleasant Street and overlay the entire format on Forest Street. Extensive drainage updates were performed on the entire road. Added new catch basins at the end by Parmenter. (Road construction funds and Chapter 90 funds)
- East Water/Liberty intersection: Three way stop at a four-way intersection conversion. Used state plans for intersection. Reconfigured and tightened road format. Added new granite curbing and sidewalks at this area. Added ADA compliant ramps. Sunnybank was reconfigured to accommodate the new plans. Added 4 new solar STOPS with 4 new STOP AHEADS. Added underground piping for future lights if need be. Complete streets grant for \$400,000. Project was all state approved. (Complete streets grant funds and Chapter 90 funds)

- Recycle Center road: Reclaimed main access road. Built up with recycled materials. 12-inch buildup and road crown added to push water to edges. Widened road format to accommodate two vehicles all the way to brush and leaf piles. Will add paving and more drainage in 2021. (Board of Health article funds)

- Library project: Added ADA compliant walk on Belmont Street to Library entrance. Added new ADA compliant parking spots and ADA ramp to new entrance area. Removed old parking lot area and regraded and paved with 2 inches of road binder and finished paved with 1.5 inches of state top. Curbing was updated in lot. Drainage was updated in lot. (Library ADA grant funds and Library lot funds)

Drainage Project:

Third year since we started the drainage department. Necessary to have since we took over the MS4 permit. The town will need to spend between \$45,000 to \$55,000 per year to stay in compliancy with the state's drainage laws.

- We replaced or repaired catch basins, manholes and or updated headwalls and outfalls on all road projects.
- We continued vacuuming and jetting catch basins and manholes. All road projects are done when completed. We do flood prone areas twice a year. Our in house catch basin truck does some of the smaller areas to maintain as well as headwalls.
- We did Spring sweeping of all streets and we followed up with 2-3 a month in high traffic areas. Once sweepings are collected, they are shipped to the drying area. Once dried we are allowed to mix in with road reclamation during our Fall screening/ mixing. we can then use for underlayment's for road work.

- We did extensive cleaning of open drain trenches over the Summer and Fall, removing trash and fallen branches/trees.
- We did extensive cut back of growth at Reeds Pond Dam/Outfall and around the outskirts of pond area.
- We removed the old metal pipe that ran under lower Liberty Street at Market Street. Pipe collapsed under the road. We reconfigured the headwalls and added new piping. Tied in adjacent catch basins.

Traffic signs and street striping:

We continued this year with updating street signs as well as safety and warning signs. We also updated all crosswalks with high visible paint. We started painting crosswalks in early Summer and again before school started. All new striping will be done in late Spring / early Summer. High visible epoxy paint is used on all new roads and water based on older roads. Union Street Center had extensive striping done as well as intersections linked to.

Miscellaneous:

- Board of Health / Recycling Center: We push up and maintain brush and leaf pile areas. Coordinate brush chipping alongside of BOH. Built up new road area and installed new drainage swale. Will complete drainage and road in 2021.
- Youth Commission; Work alongside of Youth commission on small projects at Hartsuff Park as well as McKinley School. Updated rear drainage on back of building in Summer 2020.

Facility improvements:

- Added new loading ramp for salt loading at salt shed.
- Updated our breakroom/kitchen area this Fall. Last upgrade was in 1999.
- Upgraded rear stock and storage area in rear of facility.

Snow and Ice:

We had lower than average snowfall in 2019-2020. We had approximately 23" of precipitation. We had one considerable storm in December, 10 inches. Other than that, all other events were small. One 4-inch storm and the rest were sanding/salting events. Big thankyou to our Highway employees, Park Department, and our sub-contractors. Our employees are our crew leaders from the office to the road crews.

Police and Fire:

We get multiple calls at odd hours to assist both Police and Fire with accidents, fires, wires down and assist with road closures.

Thank you to the residents for their patience during our multiple projects throughout the year. A special thank you to all our men and our Administrative Assistant, Susan Egan-Tasker at the Highway Department, without you all, we would not run as smoothly.

Respectfully submitted,

David P. Taylor Jr.
Highway Superintendent

Susan Egan-Tasker - Administrative Assistant
Ralph Tanzi – Highway Department
Eric Sepeck– Highway Department
Mark Sepeck – Tree /Highway Department
Robert Baker – Tree /Highway Department
Charles MacDonald – Highway Department
George Melanson– Highway Department
Albert Clark – Highway Department
Colin Nunley – Highway Department

TREE DEPARTMENT

The Honorable Board of Selectmen and Citizens of Rockland:

The following is a report of the Tree Department for the year of 2020.

During the past calendar year, the Tree Department was very busy with tree removal and tree trimming.

- We took down miscellaneous trees throughout Town that were either hazardous or required removal due to projects

- Tree replacement: replacing street trees on projects 2:1 ratio where we had to remove near road format. Trees replaced required a ten-foot set back from format and/or hardscape.
- Brush cutting along main roads and deep cutbacks along front and rear of guardrails.
- Vegetation control at traffic islands, intersections, utility poles and signage.
- Periodic Rail Trail cutback with flail mowers and trimmers.
- Remove fallen trees throughout year from storms and traffic accidents.

- Chip brush at recycle center and coordinated the removal of debris. We also push back leaves and brush throughout year.
- Shrub amnesty program: residents that had shrubs or trees on corners where visibility was an issue, allowed us to remove and we replaced at a different location in yard.

Respectfully submitted,

David P. Taylor Jr.
Tree Warden

ROCKLAND HISTORICAL COMMISSION

To the Honorable Board of Selectmen and the residents of Rockland:

For all of us 2020 was a traumatic year due to the pandemic, and our personal, professional, and civic lives were significantly impacted as we learned to adapt in a new environment. The Rockland Historical Commission (RHC) also felt the impact of the pandemic, as our several public activities and outreach events were cancelled. Nonetheless, the RHC remains committed to protecting Rockland's historic fabric as we promote awareness and foster interest in Rockland's important historical heritage. When we return to a sense of normalcy and activity, the RHC expects to continue efforts to preserve the 1876 Tramp House, discuss the importance of protecting several historical buildings in Rockland, meet with the Board of Selectman to update them on projects and events, and participate in Rockland town wide activities.

The RHC continues to play our part on the Community Preservation Committee, the group tasked with analyzing and approving projects and funding for housing, open space, and historical preservation. Thanks to the generosity of Rockland taxpayers and their approval of the Community Preservation Act (CPA), several worthwhile projects have been reviewed and approved at the 2020 Town Meeting. For the RHC, our top preservation priority is Rockland's 'Tramp House', located on the property of the Almshouse on Spring Street. Erected in 1876, the Tramp House provided shelter for Rockland's indigent population and those who were traveling through the town. The Almshouse and Tramp House are important reminders of Rockland's community concern for the poor and indigent, and represented the charitable spirit of a town blessed by the success and development of the shoe industry in the 19th century. Listed on the National Register of Historic Places, the Almshouse and Tramp House are important priorities for the RHC and are valuable pieces of Rockland's rich historic heritage.

In February 2020 the RHC and several Rockland volunteers had a cleanup day at the Tramp House. This involved getting rid of trash and demolition material around the structure and preparing for the next reconstruction phase. With the approved CPA funding and RHC volunteer efforts, we plan to restore the porch and add a new roof. Using period photos and other information in the RHC archives, we are striving to maintain the historical integrity of the Tramp House, using historically accurate dimensional lumber, and planning an appropriate cedar shingle roof. On previous work days, the RHC carefully removed and stored the original interior walls which will be re-installed and preserved in the final phase of the project. RHC members have been very involved in assessing, planning, and assisting the work.

Additional emphasis on Rockland historical properties are the Lincoln School, the Grand Army of the Republic (GAR) Hall, and the McKinley School. The Lincoln School would be a great candidate for preservation and re-use, similar to other success stories in Rockland and surrounding communities. The RHC has worked with the Sons of Union Veterans to preserve the GAR Hall, one of 7 Rockland properties on the National Register of Historic Places. In recent years the GAR has had several preservation efforts, including replacement of the building's boiler after receiving a Veterans Heritage grant to ensure proper heat to preserve the building and its historical archives.

The closure of Holy Family School (HFS) in 2018 prompted RHC concern over the fate of the structure. HFS has been a fixture for many Rockland families for decades: it was constructed in

1964-65 and designed by noted Boston architect, John A. McPherson. McPherson was regionally known for his ecclesiastic designs, ranging from churches and chapels to convents and other parochial schools. HFS is significant for its association with the Holy Family Parish, founded in 1882 in the decade following Rockland's separation from Abington (March 1874). The interior still retains original historic character, with tile floors, tile dadoes and chalkboards and coat closets. Recent efforts focus on preserving HFS and much of its character: the RHC has endorsed renovation efforts to convert the former school building for multi-family residential use, specifically as affordable elderly housing. The proposed work includes cleaning and repairing the exterior masonry: significant interior elements will be retained and repaired, and new partitions put in place to create 27 affordable units of housing. The RHC is working with the developer and the Massachusetts Historical Commission to secure rehabilitation tax credits and ensure that HFS is preserved and successfully re-purposed.

Unfortunately, the pandemic and public health mandates have prevented the RHC from holding our regular monthly meetings at our office in the McKinley School (another Property on the National Register of Historic Places). Our efforts to clean, sort, and organize the Commission's vast archives will begin again as soon as possible.

Another victim of the pandemic are the regular RHC appearances before the Board of Selectman to promote our activities, update residents of our projects, and solicit civic involvement. We continue to promote the recognition of historic homes in Rockland by selling official RHC date plaques. Any resident who owns a historic home currently registered in the archives of the Massachusetts Historical Commission (approx. 300 homes) or with appropriate documentation indicating the date of construction can purchase a plaque to be displayed proudly on their house.

The cancellation of the annual Holiday Stroll in 2020 was a huge disappointment for the RHC, since we lost one of our most important and successful public events of the year. The RHC traditionally sets up displays and concessions in the historic Grand Army of the Republic (GAR) Hall on School Street, welcoming guests to enjoy our collection of historical photos, historical house surveys, books, maps, and refreshments. We eagerly await the return of the Holiday Stroll in 2021: enthusiasm of Civil War re-enactors and a Civil War era Santa all contribute to large crowds. The Stroll is an important outreach event for the RHC, generating public interest in the preservation of Rockland's historic heritage, raising funds from the sale of historic items, and encouraging interested residents to become RHC members. We take this opportunity to display our projects including our work at the Tramp House and promote our house plaque project.

Similarly, the RHC hopes for a return of Rockland Day in 2021. Like the Stroll, Rockland Day is a great time to display some of the Town's historical archives, and chat with visitors about Rockland history and preservation.

The RHC would like to thank Rockland residents and civic groups for their support during this very challenging year, and encourage residents to continue to donate historical items, photos, and documents. And, of course, the RHC deeply appreciates financial donations which help in our mission to preserve this town's rich historical heritage.

The RHC currently has openings and welcomes new members to apply. We are located in the McKinley School, 394 Union Street, where we have our archives and expect to revive our

regular monthly meetings. The RHC will post these meetings via the Rockland Town Clerk's office: we meet at the McKinley School on the 4th Tuesday of each month.

As always, we welcome those who are interested in Rockland history join us!

Respectfully submitted,
The Rockland Historical Commission

James Paul, Chairman
Peter Dow, Secretary/Treasurer
Thomas Reagan, CPC Representative

ROCKLAND HOUSING AUTHORITY

To the Honorable Board of Selectmen and Citizens of the Town of Rockland:

Thank you for allowing our office to submit the 2020 Annual Report of the Rockland Housing Authority for our Studley Court and Garden Terrace Residents. Because of COVID-19 we have been trying very hard to keep our complexes and tenants healthy and safe.

In 2020, Rockland Housing Authority was recognized by the statewide public housing association for providing two Food Pantries on site for the tenants of Studley Court and Garden Terrace. The Rockland Housing Authority was presented with an “Outstanding Agency Award” by the Massachusetts Chapter, National Association of Housing & Redevelopment Officials (MassNAHRO) at its Annual Virtual Conference in 2020. These awards recognize local housing authorities for outstanding achievement in innovative housing and community development projects.

The Rockland Housing Authority would like to thank our Town Administrator Douglas Lapp for working with our office to receive a CBDG Grant to replace the fifty-year-old windows at Studley Court. The Grant is in the process of being awarded and we are looking forward to installing these new windows. Also, David Taylor, Highway Superintendent, and his team in coming to our aid with snow removal this past season. Vincent Fountaine for reaching out to our Veterans with providing so many services. Stella Rogers and her team at the Rockland Food Pantry for their help and working with us to provide food for our tenants.

Studley Court Complex

Community Center

**Total upgrades for Studley Court will exceed over a half million dollars in 2021/ 2022.
The upgrades we have done in 2020, and will be doing in 2021-2022 are as follows:**

2 New Handicap Units Bldg.1w/Laundry Area
New hot water heaters as needed
Replacing Rear Walkways.
New lighting & Exhaust Fans in units as needed
New refrigerators and ranges as needed.

ADA Upgrades for Community Center
New windows for 2021.
Replacing rear entry doors
Replacing broken drainpipes in Kitchens & Baths.
Paint, new carpet, new flooring as needed in units.

Studley Court

Studley Court receives its funding from the State. This complex has forty- two one-bedroom units. Each unit consists of 625 sq.ft. of living space. Studley Court is for the elderly (over 60) or handicapped. We have a Massachusetts Centralized Wait List which has currently 1,932 applicants. If you live in Rockland or are a Veteran, this gives you a preference. Applications are available at our office.

Garden Terrace Complex

Among the upgrades we have done in 2020 and will be doing 2021- 2022 are as follows:

Roof Replacement, Building 1	Replace storm doors 2020-2021
Roof Replacement Community Center	Patch and seal coat driveways 2020
Roof Replacement Garage	Upgrades to bathrooms 2021
Upgrade floors to handicap units.2021	Paint, carpet and replace floors as needed.
New Shed for Storage 2021	

Garden Terrace:

Garden Terrace receives its funding from the Federal Government. This complex has 40 one- or two-bedroom units. Each unit consists of 650 sq. ft. of living space. Garden Terrace is for elderly (over 60) and handicapped. We have a Federal Wait List of 331 applicants. Applications are available to be added to our wait list. If you live in Rockland or are a veteran this gives you preference.

Section 8 Administrator

Rockland Housing Authority administers 154 Section 8 Vouchers in Massachusetts and also out of state. You can call or come by our office for an application. The Section 8 Program has a Massachusetts Centralized Wait List.

In 2021 Priority Plan includes the following:

- Reach out to meet the fiscal demands and housing needs of the community.
- Update the Emergency Evacuation Plan at both complexes.
- To replace and reach out for funding to replace the roof and windows on our Studley Court Community Center Building.

Please call Karen Reilly, Executive Director, and her staff at the Rockland Housing Office 781-878-4156 for more information on any of the programs administered by Rockland Housing Authority.

The Rockland Housing Authority Board of Commissioners would like to thank the various town departments and boards for their assistance and cooperation during this past year.

Respectfully submitted,

Rockland Housing Authority, Board of Commissioners:

L. Diane Logan, Chairman

Dr. John Rogers, Vice Chairman

Dorothy Holbrook, Resident Commissioner

John Conway, Treasurer

John Davis, Commissioner

Karen Reilly, Executive Director

ROCKLAND MEMORIAL LIBRARY

To the Honorable Board of Selectmen and the Citizens of the Town of Rockland:

The following is a statistical and financial report covering Library activities for Fiscal Year 2020 (July 1, 2019 to June 30, 2020), in addition to events from the 2020 calendar year.

During the 2020 fiscal year the Town funded the Library with an appropriation of \$625,302, which met the requirement to maintain its certification for the State Aid to Public Libraries program. As a result, Rockland residents continued to be entitled to borrow books and other library materials from other libraries across Massachusetts.

Rockland Memorial Library is a member of the Old Colony Library Network (OCLN), a cooperative of 26 public and 2 academic libraries on the South Shore. This means that in addition to the 32,000 physical library items in Rockland, residents have access to hundreds of thousands of physical items from other OCLN libraries, as well as over 50,000 downloadable e-books and e-audiobooks in the OCLN shared collection. The only requirement for borrowing is a library card in good standing.

Fiscal Year 2020 Statistics at a Glance (July 1, 2019 to June 30, 2020)

- The building was open to the public for 1,786 hours, including 297 hours after 5:00 pm and 201 hours on Saturdays
- The number of people who entered the building was 35,734
- The Library lent over 41,000 books and over 1,000 magazines
- The Library lent over 6,000 DVDs and over 2,000 CDs and audiobooks
- Rockland library users downloaded over 7,000 e-books and 2,000 e-audiobooks
- Over 3,000 questions were researched and answered by Library staff
- Over 5,000 items were sent from other libraries to Rockland for local use
- Users accessed the internet over 4,000 times via Library computers or Wi-Fi
- The Library offered 166 in-person programs, and total attendance was nearly 3,000

Building and Grounds

The Library closed to the public on March 16 and remained closed through the end of the year because many areas of the building do not allow sufficient space for social distancing. In addition to necessary repairs, this made it possible to implement some improvements that would have been difficult to make with the building open.

In the spring, a chronic issue that had caused water to seep from the ground into the Children's Room during heavy rain was fixed. The work required was much more extensive than was initially assessed, and the cost of the project was partially funded by the Selectmen.

Over the summer, the School Department maintenance staff assisted with the installation of protective barriers between staff workstations and at service desks, as well as with hanging wall panels for mounting new shelving.

In the fall, the Highway Department completed an extensive project in the parking lot, reconfiguring the accessible parking space, replacing all access ramps and railings, re-grading the sidewalk to Union Street, and repaving the lot. These much-needed changes significantly improved the accessibility of the main entrance.

The Library thanks Town Administrator Doug Lapp and Assistant Town Administrator Jennifer Constable for their work to make these projects possible.

Staffing Changes

In July, Custodian Mike Shute left to take a full-time job in another town and Justin Bodio began working as a substitute in August and was hired permanently in October. The work of custodians was even more vital than usual this year. We appreciate their efforts, as well as those of Brian O'Neill and Lauren Kingston, who covered shifts at the Library, and Stacy Callahan, who coordinated coverage.

Allison Sullivan and Kelli Moran were hired to fill vacant part-time library technician positions in February and March, respectively. Both are in their first library roles but bring experience from other fields that allowed them to begin contributing valuable ideas immediately.

In May, the entire staff was partially furloughed which significantly curtailed the availability of library services over the summer. Curbside pickup service began when staff returned in July and August, but it was not possible to offer a summer reading program.

Director Beverly Brown had announced her intention to retire at the end of April, but her departure was prolonged by the pandemic. She stayed on part-time through June, assisting the staff with closing out the fiscal year. She had worked at the Library since 1986 and been Director since 2003. A celebration befitting her record of service was not possible when she left, but we hope that she will join us when one is.

Reference Librarian Elizabeth MacNeil was appointed Acting Director effective July 1 and Director on November 1.

Gifts and Donations

The Library occasionally benefits from monetary donations from members of the community, and appreciates gifts of any amount. Charitable donations to government units are tax-deductible under section 170(c)(1) of the IRS Code if made for a public purpose.

In 2020, the Library received donations in memory of Lois Brooks Doherty, who had long volunteered her time in local school and public libraries.

Former Trustee Marcia Manning made a donation to the Kennedy Fund, which was established in memory of her parents, Joseph and Dorothy Kennedy.

Lisa Roberts donates the wreath that hangs over the Union Street door each winter in memory of former Trustees John B. Fitzgerald, her grandfather, and her mother Elizabeth Roberts. In a year when many of the usual holiday celebrations were not possible, the wreath was very much appreciated.

The Rockland Memorial Library Foundation, Inc.

The Rockland Memorial Library Foundation, Inc., is a non-profit 501(c)(3) organization that works to raise funds to supplement municipal support for Library services through membership dues and events.

In 2020, the Foundation's Friends Group paid nearly \$4,000 for passes that provide discounted admission to local museums, in addition to funding and organizing a number of programs for adults and children. When spending from the Library budget was frozen in the spring, the Friends stepped in to purchase a large number of books and e-books for adults and children, including those on local school summer reading lists. Their support is greatly appreciated.

In Appreciation

The Rockland Memorial Library works to foster a love of reading and to improve the quality of life for local residents. The staff continually works to identify and address the needs and interests of the community, and in 2020 it showed immense dedication and resourcefulness in pursuit of this mission. The Library also benefits from the service of a number of volunteers, whose company we have missed during the pandemic.

The Library thanks the various other departments, in particular the Highway, Park, and School Departments, who assisted us with various jobs throughout the year.

Board of Library Trustees

The role of the Board of Library Trustees is defined by Chapter 78, section 11 of the Massachusetts General Laws, which states, "The Board shall have the custody and management of the library and reading room and all property owned by the town relating thereto."

Library Trustees are elected for three year terms to determine library policy, appoint the director, submit budget requests, and oversee the expenditure of funds. In addition, the Trustees have a fiduciary responsibility for the Trustees Fund, which was established in the early 1900s. The Fund consists of bequests, as directed by the provisions of individual wills. The Fund earned \$958.02 during the 2020 calendar year and is used to pay for books, newspaper subscriptions, and other items, according to the wishes of the original donors.

Two Trustees moved away from Rockland in 2020, ending their terms early. Cora Leonardi served on the Board from April 2013 to July 2020, including one year as Vice Chair. Kathleen Looney served from April 1997 to April 2020, including 19 years as Chair. We thank them for their many years of service. Jack Ward and Carol Cahill, both former Trustees, were appointed to the vacant seats until the April 2021 election.

The Trustees would like to thank everyone who continues to support the Library, both financially and by using its services.

Respectfully submitted,

Board of Library Trustees

Patricia M. Foley, Chair

Carol Mahoney, Vice Chair

Janet W. Cann, Secretary

Kenneth A. Zbyszewski, Treasurer

John Ward

Carol Cahill

Elizabeth MacNeil, Library Director

ROCKLAND OPEN SPACE COMMITTEE 2020 ANNUAL REPORT

The Open Space Committee continued with its work during 2020, despite the constraints made necessary by the COVID19 pandemic. Members participated in the Open Space Plan and Master Plan projects online. The Committee worked to identify and research areas in Rockland that may be suitable for additions to current open space. Linking parcels for access to the Rail Trail, the Town Forest and Union Point is a major goal as is the expansion of existing recreational areas.

Of great concern was the loss of open space at the former NAS because of the encumbrance and default of a mortgage by LStar of the property at 1119 Union Street. Suit has been instituted by the Town of Rockland against LStar, which had agreed to the addition of open space at 1119 Union Street in exchange for permitting development in what was designated open space inside the base perimeter. The Committee has maintained contact with the new developer at the base to track the formulation of plans for open space on that property.

The scheduled cleanup of the Rail Trail in April was postponed because of the pandemic, but efforts to keep the trail clean were made by individuals and the Committee urges all to do their part in keeping this amenity free of debris. The Committee thanks the Park and Highway Departments for their work on all open spaces under its purview and, particularly, removing large debris and downed limbs from the trail. Concerns regarding drainage, trash and the degradation of the trail surface were communicated for remediation and included in the Master Plan Zoom Conference in May. Signals at pedestrian crossings of the trail and the installation of seating at the Union Street, East Water Street junction were discussed with the Highway Department. The Committee worked with the members of the Community Preservation Act Committee on matters of open space acquisition.

The committee thanks Doug Lapp, Town Administrator, and Jen Constable, Assistant Town Administrator, for their assistance in organizing meetings and providing information during this difficult time.

Respectfully submitted,

Donald J. Cann, Chairman
Beth Lucas, Secretary
Pam Titus

Michael Bromberg, Vice Chairman

PARK DEPARTMENT

To the Honorable Board of Selectmen and the Citizens of Rockland:

The following is a report of the Rockland Park Department for the year ending December 31, 2020.

The main function of the Park Department is to supply the best conditions possible on our field and parks for the Citizens of the Community. We maintain 113 acres of fields/land not to mention 33 acres at the landfill along with various trails. There are roughly 13 permits issued for the year, not including the many local leagues and school sports that use our fields daily.

Thanks to the Citizens of Rockland, Finance Committee and Board of Selectmen we were able to purchase a 12-foot mowing tractor last year and have saved us a lot of considerable amount of time taking care of our fields.

Thanks to the CPA Committee and the Citizens of Rockland we were able to purchase additional land at Hartsuff Park so we can expand our walking trails along with other outdoor venues.

With the help of the Rockland Highway Department we were able to finish the asphalt work at the Stadium this fall. We replaced the asphalt walkway around the rear of the Stadium and new parking lot and road to the new garage. With money from the Stadium remodel we were able to add new lighting around the Stadium.

We also need to thank Dan Delprete of DANDEL Construction for the use of his machine and operator at no cost to the Town to help use get all our baseball fields ready for the season last year.

As always, we would like to thank the various Departments and Boards for their help and assistance thru out the year.

Respectfully submitted,

Peter Ewell, Superintendent
Richard Furlong, Chairman
Stephen Murphy

Crossing Guard

Maureen Mini

To the Honorable Board of Selectmen and the Citizens of Rockland:

I respectfully submit the Annual Town Report of the activities of your Police Department for the year 2020.

Mission Statement

The Rockland Police Department is committed to providing the highest level of public safety and service to the citizens and businesspeople within the community. The members of the Rockland Police Department are empowered to enforce the Laws of the Commonwealth of Massachusetts and the By-Laws of the Town of Rockland, to ensure that the peace and tranquility of our neighborhoods are maintained, and that crime and the fear of crime are reduced. We emphasize and value integrity, honesty, impartiality and professionalism from our members in order to create an environment that values difference and fosters fairness and flexibility in our mission.

Personnel

As of December 31, 2020, the current complement of the Police Department is at 33 full time sworn officers. We currently have three (3) Permanent Intermittent Officers who assist the full-time officers.

In 2020 we were fortunate to be able to add three (3) new officers to the ranks of our Department. Officers Ryan Theroux, John Izzi and Clifton Aquino we hired to replace officers that retired in the last few years. They completed the full-time academy in Plymouth. Officer Theroux is currently working the overnight shift and Officers Izzi and Aquino are currently in their field training program and we expect that they will be patrolling Rockland in mid-April.

Officer Ethan Schnabel is our School Resource Officer. Ethan has continued to attend numerous schools and classes to help in his duties. He has worked with each school to ensure the safety of all who attend daily.

The Department also has 16 Auxiliary Police Officers. These Officers assist the regular full time Officers on weekends and with special events. They are an invaluable resource to the town.

The Department currently has one full time Animal Control Officer. Ian Davidson handled numerous animal complaints in 2020. He also dealt with sick, injured, and stray animals daily. ACO Davidson has attended many classes regarding laws relating to the control of animals and has updated many of our policies and procedures. The ACO is authorized to isolate and confine domestic animals suspected of being exposed to rabies. ACO Davidson has conducted food drives and works extremely well with local animal shelters to assist in the care of domestic animals that are in need.

Our school crossing guards are part-time civilian personnel. Currently there is one permanent crossing guard and one part-time who fills in when a regular crossing guard is unable to cover a post. Each crossing guard plays an essential role in ensuring the safety of our children. They also serve as an extra set of eyes and ears for the police department and the community.

Our custodian, Richard Welch, does an outstanding job keeping a remarkably busy building clean. Needless to say, a busy police department can get very dirty at times. Rich does a great job keeping the building clean and functioning. He also performs many repairs around the station, thereby saving hundreds of dollars in service calls. During the many snowstorms this past year, Rich came in all hours of the day or night, including holidays and weekends, to keep the building accessible to all. During the Pandemic of 2020, Rich worked every day (seven days a week) to keep the building clean, disinfected, and sanitized. He worked his regular shift during the day, came in on every evening shift and weekends to clean and disinfect the building. I cannot thank Rich enough for his commitment to the police department and his selfless devotion to our members.

Executive Assistant Jeanne Gianatassio and Administrative Assistant Christine McGuinness do an amazing job administering all the issues that surround the hectic day to day operations of a very busy police department. My sincere thanks to each of them for their commitment and dedication to the department. Both Jeanne and Christine worked tirelessly this year to navigate the needs of the department during the pandemic.

I would also like to thank my Command Staff – Deputy Chief Gerard Eramo and Operations Lieutenant Nick Zeoli. Together they handle the updating of Rules, Regulations, Policies and Procedures for the Department. They also schedule and coordinate all training, cruiser purchasing, vehicular and building maintenance as well as deal with all the exigencies that arise daily. They are both an integral part of the team that continues to drive your police department forward. The Deputy Chief and the Lieutenant also worked tirelessly to maintain the necessary PPE and to develop rules and regulations that we knew would keep our officers on the street safe.

Service to the Community

The Rockland Police Department is committed to providing first class service to the residents of the town. To that end, in 2020 the department was involved in the following Community Policing Initiatives:

- D.A.R.E. Drug Abuse Resistance Education
- Rockland C.A.R.E.S.
- R.A.D. Rape Aggression Defense Classes for adults and children
- “Click It or Ticket” seat belt enforcement program
- “You Drink, You Drive, You Lose,” and
- “Over the Limit – Under Arrest” enforcement patrols
- Underage alcohol enforcement patrols,
- K-9 program – with cutting edge training for both drug detection, tracking and apprehension programs
- Metropolitan Law Enforcement Council – Regionalized Response Team
- Metropolitan Law Enforcement Mobile Operations Division
- Development and maintenance of a department website
- White Ribbon Domestic Violence Awareness Programs
- Unit demonstrations and participation in numerous private and Town sponsored events

The Rockland Police Department K-9 program has been very successful. Officer Somers and K-9 Teo and Officer McLaughlin and K-9 Friday and Arny have tracked and located several dangerous criminals, they have successfully located numerous missing persons, and have searched for and found large quantities of drugs in both homes and vehicles.

In 2020 the Police Department logged more than 20,000 calls. This does not include the thousands of telephone calls for directions, school closings and the requests for general information that the desk officers and the 9-1-1 dispatchers answer. During 2020 the Police Department arrested 121 individuals and placed another 19 into protective custody. 2020 was a remarkably busy year for your police department. The department handled several “Critical Incidents” during the year. A “Critical Incident” is defined as an extraordinary event which places lives and property in danger and requires the commitment and coordination of numerous resources to bring about a safe and successful resolution.

The Pandemic of 2020 made a difficult job that much more challenging. However, I am proud to report that the men and women of your Police Department accepted the challenge and continued to provide first class service to our residents and visitors

Officers adapt to the Pandemic with socially distanced Roll Calls

Since 2009 the Rockland Police Department has been a member of the Old Colony Police Anti-Crime Task Force, or OCPAC. Recognizing that crime, more specifically drug related crimes; do not recognize town boundaries, the task force was created to collaboratively combat crime throughout a ten-community area. Our Detective Unit has been continually active in the Task Force and it has begun to pay great dividends to Rockland and the surrounding communities. In 2020 Detective Sergeant Greg Pigeon, and Detective James Casper executed several successful drug related search warrants. 2020 saw many drug related arrests and drug seizures. I expect that our proactive detective unit will continue this war on drugs throughout 2021.

In 2020 the Police Department responded to 44 Opioid Overdose calls; this represents a significant increase in overdose calls. Unfortunately, 8 of these were fatal; this is a 26 percent increase in overdoses calls from last year and a 700% increase in overdose deaths. This is the first year of an increase after three years of significant decreases. In May we had three fatal overdoses and in November we had 11 overdoses. The Department has outfitted all responding units with Naloxone. All our officers have been trained in the proper administration of both the nasal and auto injector methods of administering Narcan. The Department also participates in the Brockton Opioid Abuse Prevention Collaborative, we have officers involved in Rockland C.A.R.E.S (Community, Awareness, Resources, Education and Support.) Rockland CARES is a grassroots coalition made of Key Community Stakeholders and Concerned Citizens from our community which serves to provide information and support for people suffering from addiction. The Department also participated in the Prescription take back program and we have installed a box in the lobby of the Police Station where citizens can drop off unwanted medications 24/7.

Officer Brian McDonald has been working with the Plymouth County Outreach network. This is a cutting-edge approach to dealing with the victims of an opioid overdose. Officer McDonald teams with Recovery Coaches and Partners with Medical Facilities and Recovery Organizations to find help for the individual as well as their families. To date, this new approach has a greater than 50% success rate in getting assistance to those struggling with addiction.

*Rockland Police Officers participated in the first annual
Coffee with a Cop*

The Police Department has partnered with LoJack Safety Net, Inc. to assist residents with family members who may suffer from either Autism or Alzheimer's. The system uses existing LoJack technology to assist with a loved one who may tend to wander. Please contact the Police Department if you have a family member in need of these services.

The above are just a handful of the incidents that are handled every day by the men and women of your Police Department.

*Just one of the many Gift Baskets
Donated in grateful appreciation for the Officers working through the Pandemic*

Acknowledgements

I extend my thanks and appreciation to the Board of Selectmen for declaring the first Monday in September ***Rockland Police Department Appreciation Day***. This was a difficult and challenging year for the policing profession in general. However, our Board of Selectmen had courage to step up and declare an appreciation day for the men and women of your police department.

*Chairman Mike O'Loughlin presents the Rockland Police Department
With a plaque naming the first Monday in September*

Rockland Police Department Appreciation Day

Thank you to David Taylor and the members of the Highway Department. Mr. Taylor and his crew provide invaluable services to the Police Department and the citizens of Rockland.

I also wish to thank all of the Boards, Committees, Commissions and Departments within the Town. I believe that the spirit of cooperation among departments is at an all-time high.

Thank you to the citizens and taxpayers of Rockland for your continued support.

I would also like to thank the many businesses and residents who donated many items to the police department this year. If I attempted to thank all, I am certain that I would miss a few. The donations consisted of much needed Personal Protective Equipment (PPE), hand sanitizer, disinfecting wipes and spray, plastic bottles for the spray and sanitizer, hand soap and the often difficult to find, but much needed – toilet paper.

Many Rockland residents took the time to show the officers their appreciation by donating coffee, baked goods, lunches, and dinners. Please know that these acts of kindness will never be forgotten.

*Lieutenant Zeoli accepts a generous donation of much needed
PPE from Ocean State Job Lot*

To the men and women of the Rockland Police Department – I thank each and every one of you for your dedication, professionalism and your spirit. You are truly the foundation our department stands upon.

Respectfully submitted,

John R. Llewellyn
Chief of Police

ROCKLAND SCHOOL COMMITTEE 2020 ANNUAL REPORT

The year 2020 allowed me the great privilege to serve alongside a dedicated and committed group of men and women that make up your Rockland School Committee, during which I had the honor to serve as the committee's chairman. I thank my fellow committee members for your trust and confidence in nominating me to serve the town in this important role. I respectfully submit to the people of Rockland the School Committee's 2020 Annual Town Report.

One person was elected to serve a three year term for the Rockland School Committee this past year. In June, Mrs. Jaime Hennessey was elected to her first term. Also this year, Mr. Richard Phelps resigned his position after 27 years of dedicated service to the Rockland School Committee and Rockland Public Schools. We truly appreciate all his past, current and future contributions to the RPS and wish all the best in his retirement. Mr. Daniel Biggins was appointed to the School Committee to serve in Mr. Phelps' seat until the upcoming election in April 2021.

This year has been an unprecedented year for Rockland Public Schools due to the Covid-19 medical pandemic. March 13, 2020 the decision was made to close all Rockland Public Schools for a couple weeks to allow for social distancing and cleaning of the schools in an attempt to slow the spread of the disease and keep our students and faculty safe. Unfortunately, the pandemic continued and we were not able to reopen the schools for the remainder of the school year. School Administration, senior leadership, teachers and faculty moved into a fully remote environment. The technical team was able to distribute chromebooks to all student families to allow each student to complete the school year from remote environments.

This year even summer break was anything but a vacation. For the start of the school year, the district had to have three full plans submitted to the State, a full in person education plan, a hybrid model, and a fully remote plan. Our administration, nursing staff and facilities team evaluated each school, purchased safety equipment and secured each facility to meet State and Local health and public safety standards specific to the pandemic guidelines to protect our staff and student body. Our Administration and Technology teams secured a grant, along with some generous personal citizen and alumni donations, were able to purchase enough chromebooks for each student in the district. Technology infrastructure and training was developed to allow teachers and students to work effectively. Principals, teachers and faculty worked to develop curriculum to support student lessons for both in person and remote education.

The school district continues to evaluate processes and student progress to meet the needs of our student population. Our custodial and facilities staff has worked tirelessly to ensure that our schools are clean for our students and faculty. Since March our Cafeteria Staff has been distributing daily lunches to both in person and remote students. Thank you to all employees of the district for your flexibility, hard work and dedication to teaching our students and helping them through this difficult and confusing time.

Our students continue to inspire, adapt and persevere through this time. A big congratulations to our graduating Class of 2020, although their final year was not as anyone expected, we wish

them all the success in the path of their choosing. Seeing the town pull together and support the great group of kids with the Adopt a Senior campaign, the parade through town and the High School staff doing everything they could to give the Class of 2020 an in person graduation. I also want to congratulate and thank Mrs. Scheufele, the faculty and the staff of Jefferson School and the amazing students. Jefferson was named as a Massachusetts School of Recognition for exceeding target and high growth.

The Rockland Elementary Building Committee has been working hard on the new elementary school project for the past four years and will continue to see this project through to benefit the students and respect the fiscal responsibility granted by town. This commitment by the people of the town is appreciated and will have a positive impact on our elementary students and community for generations to come.

The School Committee continues to work with Superintendent Dr. Cron, Board of Selectmen, the Town Administrator and financial office, and Finance Committee to build a sustainable school budget that ensures stability and success of our children's education.

I want to thank the people of the Town of Rockland for their continued support of the Rockland Public School System. Your dedication to the education of the children of the town allows for a first-class education and provides a platform for them to succeed in life.

Respectfully submitted,

Jill L. Maroney
School Committee Chairman

SUPERINTENDENT'S 2020 ANNUAL TOWN REPORT

2020 was a school-year interrupted and later dominated by the appearance of the Covid-19 virus. On March 13, 2020, due to the rapid spread of the highly contagious Corona virus, the Rockland Public Schools (RPS) closed its doors and began to teach students remotely for what we thought would be a two week safety break ordered by the Governor. Instead, public schools across the state remained closed and teaching and learning continued in a fully remote setting for the remainder of the school year. In spite of innumerable challenges, throughout the spring, teachers, administrators, staff, students, and families scrambled to create meaningful and engaging online programs for students. While we were successful in many ways, the uncharted nature of this pandemic meant we were redesigning our entire operation to fit a rapidly changing landscape. Our first challenge was technology.

Throughout the Spring and summer of 2020, RPS distributed technology to household's internet connectivity and set a goal of rolling out a one-to-one Chromebook initiative in the Fall of 2020. We then spent the spring and summer preparing for an unprecedented school year. Driven in large part by the need to maintain social distancing, we were forced us to completely reconfigure our schools and programs. From busing to bathrooms, every procedure was scrutinized and carefully planned around the restrictions mandated in response to the virus. Working collaboratively with the Rockland Teacher Association and the Rockland School Committee, Rockland schools reopened in September offering families a choice between a fully remote learning experience or a hybrid, week-on, week-off, model of instruction. Hybrid students were assigned to one of two cohorts. Cohort A engaged in online learning for one week while Cohort B learned in-person. Each week the cohorts switch. Teachers have done an extraordinary job balancing the demands of teaching students both online and in-person.

Budget

One result of the pandemic was economic and applied direct pressure on town and school budgets. Cut by 10% and facing the task of educating our students both remotely and in-person for the first time, we creatively managed our finances by maximizing our use of federal CARES Act money and through the wide-spread implementation of furloughs. Furloughing custodians, maintenance, cafe, and paraprofessionals allowed us to save nearly 1.3 million dollars during the spring and summer of 2020 and helped us close the budget shortfall and to maintain a consistent level of service.

One-to-One Chromebook Initiative

In the face of the Covid pandemic, one major accomplishment in 2020 for the Rockland Public Schools was the roll out of our one-to-one Chromebook initiative. In late August, led by Tim Wells, RPS Director of Technology and Lisa Ryan our technology integration team leader, every student in the Rockland Public Schools, from grade PreK to twelve received a Chromebook. Paid for in large part by the Cares Act, the nearly 1.4 million dollar technology initiative rolled out seamlessly. In addition to providing students and faculty with hardware, teachers and staff quickly worked to become better at teaching and learning remotely. This work continues. In addition to maintaining the nearly 2400 Chromebooks deployed, the technology department developed a help desk for families and students to address all technology related issues including

support with connectivity and software. Currently, every child in the Rockland Public Schools is connected to the internet and has a device.

Food Service

One great story from this school year was the covid-related efforts of the RPS Food Service Director Adele Leonard and her staff. Addressing student food insecurity issues remains a priority as more than half of Rockland's students qualify for free and reduced lunch. Thanks to a grant from the federal government, we are able to serve meals to all Rockland students, regardless of their economic status. This has allowed us to serve more than 500 breakfasts and lunches daily since the pandemic began in March of 2020.

Rockland's new Elementary School: Throughout the 2019-2020 school year, Rockland is continued to make progress toward the goal of constructing of a new, 86 million-dollar, 760 student state-of-the-art elementary school. Scheduled to break ground this March (2021), the new school building will be located on "the oval" between the current Memorial Park School and the Rogers Middle School and will house all students in grades 1-4. The new building will replace the aging Jefferson and Memorial Park Elementary Schools. The Jefferson School will be deconstructed and the land will be turned over to the Parks Department as part of an Article 97 land swap. The Memorial Park School will also be removed to make room for a new synthetic turf field. As a separate part of the project, the district has plans to convert the Esten school into an early childhood center that will house all kindergarten students district wide. The long-range plan is to offer free, full-day pre-school to Rockland residents which would also be housed at the Esten School. The new Rockland Elementary School is scheduled to open in the Fall of 2022.

Technology: Once again this year, town meeting approved \$100,000 for the addition and maintenance of technology in Rockland Public Schools. Our skilled technology department led by Tim Wells, worked to ensure that our technology infrastructure is up to date and that we continue to maintain and modernize the technology being used by our students, particularly at the elementary schools. With the increased demands for technology, the district worked tirelessly to put a Chromebook in the hands of every student, Pre-K -12. We have accomplished this and it has proven to be invaluable given the amount of remote learning taking place.

Infrastructure: The maintenance of our buildings and grounds remains a priority. Under the leadership of our Director of Maintenance, Mark Shom, our maintenance and custodial staff continue to skillfully care for our aging elementary schools and our very new high school/middle school complex. The cost of maintaining our old elementary school buildings is increasing each year while our relatively new middle school and high school continue to run smoothly. The district is looking forward to breaking ground in March of 2021 on a new, 760 student elementary school to replace the aging Memorial Park School and the Jefferson Elementary School. The new Rockland Elementary School is tentatively scheduled to open its doors in the Fall of 2022.

Rockland Education Foundation (REF): Thanks to the leadership of Regina Quirk and the REF's competitive grant program, Rockland classroom teachers were awarded more than \$20,000 in grant money to support innovative and creative programs and materials designed to actively engage Rockland children in learning. From the purchase of innovative technology to science programs to Google Expeditions, the REF continues to be an invaluable district partner.

Conclusion: I would like to thank town leadership for your continuous support, cooperation, and encouragement as well as my leadership team and the Rockland School Committee for your professionalism and boundless commitment to providing Rockland students with a world-class educational program. Your support during this unprecedented year continues to be an inspiration to those of us responsible for educating the children of Rockland.

Finally, I'd like to thank the classroom teachers and staff who work most directly with our students each day. 2020 was an exceptional year. Nothing that came before could prepare us for the effects of this pandemic. Rockland teachers and staff have done an extraordinary job. Their commitment to our students is unquestionable.

Respectfully submitted,

Dr. Alan Cron, Superintendent of Schools

ROCKLAND HIGH SCHOOL 2020 ANNUAL TOWN REPORT

Rockland High School students continued to impress faculty with their academic success, bulldog pride, and impact within the community. The 2020 calendar year proved to be challenging for students and staff as we transitioned to a remote learning model in the spring and a hybrid learning model in the fall. The COVID-19 pandemic led us to reflect on our practices and we had to find new ways to engage and connect with students and families. I am proud of our students, staff, and families for how we have all worked together to prioritize student safety and meet the academic learning needs of our students.

A few of our achievements are highlighted below:

1. 72.8% of the Class of 2020 continued their education after graduation. 55.1% planned to attend four-year colleges and 17.7% pursued two-year colleges. 2.5% of the seniors opted to join the armed services after graduation and 24.7% of the students joined an apprenticeship or the workforce. Two of the graduates attended Ivy League schools, Jad Bendakarwi attending Princeton University and Melyssa Almeida attending Harvard University.
2. 14 students were inducted into the National Honor Society in May. 30 students, grades 9-12, received their academic "R" Lamp of Knowledge Letter for earning honor roll status six consecutive terms or by making the honor roll ten times. The National Honor Society ceremony was held over the summer at Veterans Stadium on Thursday, July 30th.
3. 38 RHS students were recognized as John and Abigail Adams MCAS Scholars. These students were honored at a socially distanced reception in the cafeteria.
4. The Superintendent Leadership Award winner was Tyler Gambon and the MASA Principal's Leadership Award winner was Mathew Bruzzese.
5. 91 students took 146 Advanced Placement exams during the 2019-2020 school year. Given the abrupt school closure on March 13th followed by remote learning for the final third of the school year, these students should be commended for completing these college-level courses at such a high level. Over 55% of the students earned passing scores, our highest percentage in school history.
6. This year's topic in the Spellman Oratorical Contest was *Monsters as a Reflection of the Human Experience*. Seniors competed for \$4,000 in prize money. Winners of the contest were Lara Glennon who took first place honors and \$1,300; Tyler Gambon who came in second, winning \$1,100; third place went to Sarah McLellan and Ashley Gallagher who each won \$700; Kerin Dalton and Neleh Dunn came in fifth winning \$300 each.
7. The Theatre Guild produced the play *Marcus is Walking*. In the spring, the students were not able to perform *Mary Poppins* due to the school closure.
8. Rockland High School was named a 2019-2020 Unified Champion School by the Special Olympics. RHS was recognized for its commitment to fostering a socially inclusive school climate that emphasizes acceptance, respect, and human dignity for all students.
9. Under the leadership of Faculty Advisors Kirsten Bartoloni and Greg Rowe, the Rockland High School Student Council received the MASC Gold Council of Excellence Award. The Student Government Council coordinated successful events including Project Pumpkin, the Breast Cancer Awareness Walk, and the Pep Rally.

10. The girls' basketball team made it to the state semi-finals, losing to St. Mary's of Lynn at the TD Garden. The boy's hockey team and boys' basketball team also made the tournament. The spring sports season was canceled due to the school closure. This fall, there was not an MIAA tournament, but the golf, cross country, and soccer teams all had successful shortened seasons. The boys' soccer team lost in the finals to Randolph in the South Shore League championship game.

Several of our traditional school- year events transitioned to virtual ceremonies. Through the dedication and creativity of staff and the openness of our students to changes in our past practices, we were able to celebrate seniors in the Class of 2020 with a special Senior Banquet, Scholarship Ceremony, and Graduation.

In summary, the success of Rockland High School is credited to the hard work of staff, supportive parents, and outstanding students committed to their individual and collective success. Sincere appreciation to Superintendent Dr. Alan H. Cron, Assistant Superintendent Colleen E. Forlizzi, School Business Manager Jane E. Hackett, and the School Committee for their continued support.

Respectfully submitted,

John M. Harrison, Ed.D.
Rockland High School Principal

ROGERS MIDDLE SCHOOL ANNUAL REPORT 2020

The Middle School would like to highlight the following student achievements:

* Twenty-two students were inducted into the National Junior Honor Society in January.

*McKenna Maher represented the Middle School at the Project 351 Community Service Day in Boston in January.

* In February, 190 fifth graders graduated from the DARE Program.

*The Student Council was actively involved in a variety of activities including Project Valentine Writing Initiative for Rockland Seniors, Rockland Kindness Week, Spirit Weeks, Turkey Trot and Halloween Collections for the Rockland Food Pantry, Grade 5 Orientation virtual presentation and the Grade 5 & 6 Student Social. RMS Student Government members participated in a virtual national conference during the summer.

*The National Junior Honor Society was actively involved in a variety of activities including a tutoring program, Veteran's Day visit to Bourne National Cemetery, Red Cross Blood Drive and a letter writing campaign thanking local essential workers for their efforts.

* RMS PAC provided all grade 8 students with a yearbook at the end of the school year.

*This past year the Rockland Education Foundation (REF) awarded the Middle School staff seven grants to enhance student learning. Thank you to the PAC and the REF for their continued support!

Respectfully submitted by,

Elizabeth Bohn, Principal
Rogers Middle School

**ROCKLAND ELEMENTARY PUBLIC SCHOOLS
R. STEWART ESTEN, JEFFERSON, AND MEMORIAL PARK SCHOOLS
2020 ANNUAL REPORT**

The 2020 school year brought with it the COVID pandemic and its many challenges to education. As of March 13, 2020, the Rockland Public Schools transitioned to a fully remote educational model to finish out the school year. Our teachers worked diligently to meet the needs of our students using a remote learning platform to finish the school year in June 2020.

The Reopening Steering Committee, composed of school administration, department heads, instructional coaches, union representation, and community members, met at least weekly during the summer to plan for a reopening of schools following CDC and DESE protocols. Procedures and policies were developed with the health and safety of staff, families, and students as our primary concern. Two models of education were presented to families for the 2020-21 school year, the Hybrid Learning Model (one week in person, one-week remote learning) and the Elementary Remote Learning Academy.

Our teachers, staff, custodians, and administrative team worked diligently to prepare classrooms for a hybrid return, with two cohorts that attend every other week in order to maintain proper social distancing requirements. Furniture was removed and spaces were adapted within our elementary schools for lunches, mask breaks, and classrooms. Proper safety and health procedures were taught to both students and staff members. Staff members learned and set up many technology programs and systems, including a common learning platform, Google Meet, and a common communication platform, Class Dojo. All three elementary schools hired two educational tutors, one for the support of EL families, and one to support our special education students.

The RPS Elementary Remote Learning Academy was developed to meet the needs of families who, due to health and safety concerns, chose to keep their students at home this year. We created ten remote classrooms by hiring several new teachers and moving some teachers from each of the elementary schools into these positions. Each grade level, K-4, in the district has two teachers for this academy.

Due to the funding from a MA State COVID grant, each student in the Rockland Public Schools received a Chromebook in order to participate fully in both hybrid and remote learning models. This required teaching of computer skills in our K-4 classrooms, which was done by our STEAM teachers and our classroom teachers. In addition, our school adjustment counselors have worked with families to ensure strong connectivity to the internet is in each home.

All three elementary schools continue to look at individual and school-wide data and adapt our interventions with students based on this information. We continue our commitment to bring a high quality, innovative curriculum to all Rockland elementary students.

Respectfully submitted,

Ms. Michelle Scheufele, Principal of Jefferson School
Mrs. Janice Sheehan, Principal of Memorial Park School
Ms. Marilyn Smith, Principal of R. Stewart Esten School

ROCKLAND ATHLETIC DEPARTMENT ANNUAL REPORT 2020

The Rockland High School athletic programs continued to be competitive and respected in the South Shore League. The year began with our Boys Basketball Team finishing 18-2 in the regular season and advancing to the Semi-finals in Taunton, resulting in a loss to Norton.

Our big story was the amazing season of our Girls Basketball Team! Winning the Eastern Mass Sectionals! Defeating Archbishop Williams, advancing them to the finals at The TD Boston Garden vs Saint Mary's of Lynn, it was a historic day for the town and all our athletes. Caroline Ellie was named to The Boston Herald's All-Star Team and Coach Diana Mitchell was named Division III Coach of The Year!

The Hockey Team also competed in the MIAA Tournament along with our Wrestling Team. Owen Shea advanced and was the winner of the Sectional Championship wrestling in the 220-weight class.

Unfortunately, we were shut down by the State before we could begin Spring Sports forcing us to wait until the Fall to complete again.

We played a modified schedule in the fall due to COVID restrictions. All our Athletes and Coaches were happy to be back on the fields and enjoyed successful seasons which I have highlighted in the Fall Monthly Report.

The sports program at Rockland High School continues to be successful at teaching sportsmanship, honesty, and integrity. We are fortunate to have a coaching staff that instills these qualities to our athletes and program. These values are carried with each graduating student athlete when they leave Rockland. One of the major reasons for our continued success is due to our coaching staff, administrators, and parental support.

Respectfully submitted,

Gary Graziano
Athletic Director

BUILDINGS AND GROUNDS MAINTENANCE 2020 ANNUAL TOWN REPORT

Other Activities

- Update Certificates of Insurance for subcontractors
- Assist Building principals in the hiring process and internal issues
- Meetings with Insurance Company regarding work injuries
- Inspections of all schools with Fire and Building Inspectional Services
- Feasibility Study member at the McKinley School Project
- Meet with Building Inspector and town management regarding falling plaster ceilings. Meet contractors on site and solicit cost estimates.
- Pulled Permits for School
- Coordination of Fire suppression inspections systems all buildings including fire extinguishers
- Maintain sticker inspections of School Vehicles

Jefferson Building Project

- Assisted the OPM and architectural firm for MSBA Jefferson School Project. Including, multiple meetings, plan review, specification review.
- Member of Pre-Qualification sub committee
- On site coordination with sub-contractors. Verizon, Boring Contractor Nobis, National Grid Gas and Electric, Sound Survey.
- On site meetings with SMMA design team
- Meetings with school directors. Technology Coordinator, WRPS and Director of Athletics
- Coordinate with Parks and Highway Dept.

High School/Middle School

- COVID 19 Develop a disinfecting plan.
- COVID 19 Purchase and supply PPE
- COVID Coordinate Storage Trailers for school desks
- COVID Meeting with Health and Fire Dept.
- Comply and update AHERA asbestos State requirements
- Comply With LCCA Lead in water drinking requirements
- Rebuild and installed ground rings on RTU supply and return fan motors.
- Started Commercial Controls commissioning of Updated BMS system in the high and middle school.
- Rebuilt sanding truck.
- Repaired Backflow preventers.
- Install new ventilator actuators in classrooms at the high school
- Procure new contractor to service elevator. Review and sign new contracts including stage wheel chair lift
- Repair multiple piping leaks and clogs
- Paint High School stage and bathrooms
- Repair condensate pumps throughout the building

- Change all roof top units filters bi annually
- Install hand sink in special needs classroom room 205, including piping, demo, venting, hot water tank, vanity installation, fixtures installation and electrical connection.
- COVID Install multiple Sneeze Guards
- COVID Disconnect all drinking fountains
- COVID Install bottle filling stations, plumbing, carpentry wiring

Memorial Park

- COVID 19 Develop a disinfecting plan.
- COVID 19 Purchase and supply PPE
- COVID Coordinate Storage Trailers for school desks
- Comply and update AHERA asbestos State requirements
- Comply with LCCA Lead in water drinking requirements.
- Ongoing maintenance of all steam traps throughout the building.
- COVID Install bottle filling stations, plumbing, carpentry wiring
- COVID Disconnect all drinking fountains
- COVID Install multiple sneeze guards
- Backflow repairs
- Ongoing steam piping and condensate pump repairs
- Generator repairs

Jefferson School

- COVID 19 Develop a disinfecting plan.
- COVID 19 Purchase and supply PPE
- COVID Coordinate Storage Trailers for school desks
- Comply and update AHERA asbestos State requirements
- Comply With LCCA Lead in water drinking requirements
- Repair and patch holes in building trim to keep pests out.
- Inspected and repaired above the ceiling tiles missing insulation all classrooms
- Preventative maintenance on all steam traps.
- COVID Install bottle filling stations, plumbing, carpentry wiring
- COVID Disconnect all drinking fountain.
- COVID Install sneeze guards
- Ongoing steam leak repairs and condensate pumps

R. Stewart Esten School

- COVID 19 Develop a disinfecting plan.
- COVID 19 Purchase and supply PPE
- COVID Coordinate Storage Trailers for school desks
- Comply With LCCA Lead in water drinking requirements
- Comply and update AHERA asbestos State requirements
- Ongoing rebuilding of actuators in ventilator units by Heatrol.
- Restripe Parking lot
- COVID Install bottle filling stations, plumbing, carpentry wiring

- COVID Disconnect all drinking fountains
- Continued repair and upkeep of roof exhaust fans

Alms Building

- Installed septic tank inside the basement with a pump. This solved a major backup that may have been extremely costly by avoiding excavation of the parking lot to install a new septic line.
- Repaired multiple heating leaks.
- New boiler pump
- Repair roof leaks

McKinley School

- COVID 19 Develop a disinfecting plan.
- COVID 19 Purchase and supply PPE
- COVID Coordinate Storage Trailers for school desks
- COVID Meet with building to layout desks
- Member of feasibility study committee
- Meet Town Manager and Building Inspector due to collapsing ceiling plaster.
- Maintained playgrounds play sets and fence gate.
- Mulch playground.
- COVID Move furniture at Daycare

Non School Completed Requests

- Install new opening at the Senior Center, demolition, install trim, pull permit
- Install slat wall at the town library
- Install Sneeze Guards throughout the Town Hall
- Install Sneeze Guards at the McKinley Building

The Rockland Public Schools Maintenance Department staff is responsible for continuing upkeep of all the school properties, including leased or rented properties. This upkeep includes the all the mechanical trades, grounds keeping, ordering and upkeep of all custodial supplies and equipment. The maintenance staff also paints and refurbishes interior spaces on an ongoing basis. We also perform preventative maintenance on all building systems and equipment. Plowing, sanding and salting of these properties are coordinated and performed along with the Rockland Highway Department. The maintenance department works along with the business manager to perform all work within budget. The maintenance department is often asked to assist other departments of the town thus creating better working relationships between departments. We are also involved with the new elementary school project and we will be reviewing drawings and specifications for the project. Currently I am an active member of the School Committee Building Project.

Respectfully submitted,

Mark Shom
Director of Facilities

GUIDANCE/STUDENT SUPPORT SERVICES 2020 ANNUAL REPORT

2020 presented unique challenges to everyone in many different ways. This was certainly true for the counseling staff. Classroom teachers may have been using technology on a regular basis, but counselors' work is usually done in person with students, one-on-one, in groups and in classrooms. 2020 presented an opportunity (actually more of a mandate!) for counselors to reimagine/reinvent how they work with and support students and families. Counselors have risen to the challenge.

In addition to supporting our most at-risk students through home visits, virtual and in person check-ins, high school counselors have:

- From March through June counselors worked to ensure that seniors would meet their graduation requirements and that the Class of 2020 was able to celebrate their accomplishments safely including delivering lawn signs to every senior and hosting a safe, socially distant graduation ceremony.
- Spent significant time increasing their proficiency with technology - attending workshops and PD training on Zoom, Google Classroom and Google Meet. Counselors have learned how to meet with, and present virtually to, students and parents.
- In May, Mrs. Black facilitated the first ever virtual administration of AP exams.
- Guidance Google Classrooms - Counselors created a Guidance Google classroom for each grade. The classrooms are proving to be an effective way to share information with students, and counselors plan to continue using this platform in the future.
- Worked with College Admissions Representatives to provide virtual College Essay help for seniors this fall.
- Added a new feature in Naviance - Rep Visits. This allows college admissions representatives, military recruiters and trade/technical schools to schedule virtual visits during the homeroom period. Students can see all pending visits and sign up for the ones that interest them. We will continue to use this beyond the 2020-2021 school year (in place of the traditional cafeteria visits).

Middle school counselors have:

- Spent significant time increasing their proficiency with technology - attending workshops and PD training on Zoom, Google Classroom and Google Meet. Counselors have learned how to meet with, and present virtually to, students and parents.
- Supported students and families with technology use. In previous years, only 8th grade students had access to school email and Aspen. All students now have access to these tools and counselors support students and families on using these tools (brand new to many) on a daily basis.
- Created Guidance Google Classrooms - Each counselor created a Guidance Google classroom, with information and resources for students and families.
- Continued working with Rockland CARES, finding different ways to continue education and support around substance use and abuse.

While 2020 created many challenges for students and staff universally, it also offered the opportunity to connect with students in new, unique, and meaningful ways. Across the district,

Adjustment Counselors joined classrooms virtually, met with students individually via Zoom and Google Meet, led counseling groups virtually, created counseling Google Classrooms, and made home visits on porches and front lawns. We provided whole classroom lessons for students focused on coping strategies and dealing with an ever-changing world. We delivered groceries and connected families with much needed resources such as food pantries and mental health providers. Working with local internet providers to help families gain internet access during an age of remote learning was one of the most essential services we provided. We have acted as liaisons for teachers to help improve home/school communication and delivered work packets and materials to families. We assisted families in accessing and navigating new platforms used for communication, such as Class Dojo, and have connected with students who were struggling with consistently attending meetings, completing work, and managing a successful remote schedule to ensure the home/school connection remains strong and intact.

In December, in coordination with Janyce Kemp, RPS District Librarian, we collected over 70 books for the “Giving Tree Book Drive” community service opportunity for students in every grade across the district. We delivered approximately 40 of those books to students’ homes while RPS was fully remote. Also in December, Lawrie Donovan and School Resource Officer, Ethan Schnabel, delivered over 130 swag bags (donated by Rockland CARES) to Rogers Middle and RHS students who attend Rockland’s Remote Learning Academy. With the need greater than ever, we helped many families connect with local holiday assistance programs such as Holiday Magic. These connections and deliveries continue into 2021.

The adjustment counseling team has welcomed a graduate level intern from Capella University to help offer support to students, families, and staff at the high school for the 2020-2021 academic school year. While we have always viewed ourselves as a resource for staff, this year we have worked to offer additional support and encouragement to our peers during this very difficult time. We organized and delivered swag bags for all RPS staff to start the school year with positivity and a boost to morale. A “Zen Den” was created for staff at Jefferson to provide a place for to unwind and decompress throughout the busy days. Rockland has joined a new Employee Assistance Program, Perspectives, and we have provided information to staff to encourage self-care. In addition, we have created staff focused Google Classrooms to further promote self-care and healthy habits during such a challenging time. Providing ongoing support to staff continues to be our goal throughout the year.

Respectfully submitted,

Margie Black, Director of Guidance

Freea Leahy, Director of School Adjustment Counseling

FOOD SERVICES 2020 ANNUAL REPORT

- What can we say about this, a year of major changes that have made big changes with our lunch program
- We had great results on an audit with Chartwells
- Applied for many grants and it was very successful. We got 2 new vehicles for our program fully paid for by 1 grant. Total grant funds that we have received this year was \$70792.76. We got 2 new vans for our summer & lunch program.
- Nutrislice program is still in place and seems to be helping parents with getting the menu and the nutritional info with all items on the menu.
- Working with Neia to make sure we can help all families in the ELL program especially with the virus.
- Our summer program never stopped we just went right into the school year and will continue to the end of the year. This program allows all students to get free breakfast and lunch daily.
- The labor once again is higher due to sick calls. We are looking to the future with better numbers.
- Our meals are down over last year due to the population of children in school at any given time
- Our students are part of the DOD fresh produce which we get fresh fruits and veggies. This program was very beneficial to our program.
- Our staff have been trained for covid, safety and allergy concerns. We also had to redirect the program and how we served our students.

Action Plan

- Looking to get more grants, summer program and anything else that might come up that will help our students to better choices.
- We are looking to bring back our allocate items further into the school year.
- We are always working on ways to decrease the food cost. Trainings and other programs that can be put in place to help staff decrease the costs.
- Looking to get life back to normal and get our mood boost, student choice back into the lunch program.

Respectfully submitted,

Adele Leonard
Chartwells Food Service Manager

HEALTH SERVICES – NURSE LEADER 2020 ANNUAL TOWN REPORT

In 2020 the Rockland School Nurses have faced and tackled many challenges.

The arrival of Covid-19 has had all school nurses working hard to keep our students and staff safe and in school. We continue to educate our community to protect them from Covid-19, the flu and other viruses.

We have been working hand in hand with our local Board of Health Agency conducting contact tracing, performing daily Covid-19 tests for our school community and regularly accessing to make sure all safety procedures and protocols are being executed and followed within our school buildings.

Since our school nurses play a crucial role in children's primary and preventative healthcare, our main goal is to keep all schools healthy and safe. This is done with our nurses being a liaison between Educator's, Administrators and the Health Care System.

We want to welcome our new School Nurse at R. Stewart Esten Elementary School, Bernadette Hannigan. Bernadette comes to us with many years of experience and will be a welcome addition to our staff.

Respectfully submitted,

Kathi Ryan
RN – Head School Nurse

ROCKLAND DAYCARE 2020 ANNUAL REPORT

The Rockland Daycare proudly offers services to approximately 150 families from Infant to Pre-K and also this year the Remote Learning Program for Cohort A and Cohort B Kindergarten through 6th grade. This experience has been really unique to have the younger kids looking up to the older kids. Our building is so full of excitement and cheer!

We currently have 22 full time staff employed in our programs. During the mandated closure for Covid, Marisa and I worked diligently on both the CDC regulations and the new EEC state regulations for Health and Safety. This was a great opportunity to put the best standards in place for our program, not only during Covid but as a general daily guidance.

Our program has continued its involvement in the community by making cards for the Senior Center for Valentine's Day and Cards for the Veteran's for Veteran's Day. We were also able to have our kids "Light Up The Night" with luminaries for Krysta Doherty's family bringing a small piece of hope and comfort with each decorated and messaged bag. Krysta played an important role at our center. She was the first student from RHS to work her job study program at the daycare with us. She then began her college studies in Early Childhood Education. We are so proud of the teacher she was becoming. She will forever be missed. I am hopeful to provide this learning experience next year to another RHS student looking to pursue their dreams in Early Education. I hope to explore options for a scholarship in her name.

This year has certainly come with many obstacles. As a team we are working through them together and I believe we are stronger than ever.

The Rockland Daycare prides itself on providing a supportive environment and a high quality of care, at an affordable cost to our community. Our focus this year has been on building self-esteem, supporting emotions during these uncertain times and having fun together.

We look forward to getting back to a more normal routine! Thank you for your support!

Respectfully submitted,

Janet Tait
Director

WRPS 2020 ANNUAL TOWN REPORT

By anyone's standards, the last 12 months have been unlike any other. Like the rest of the school, town, country, and world, WRPS' entire year was dominated by COVID.

Due to the building shutdown in March, our facility use support cratered in 2020 to just 92 events in RHS spaces requiring staff support, down from the 331 events we had in 2019.

This dramatic drop, coupled with the cancelation of all athletic events until just recently, was more than made up for by WRPS' assuming responsibility for coordinating, recording, and airing all town municipal meetings via Zoom and YouTube in compliance with Open Meeting law regulations. The staff has been working closely with the Town Administrator and various board and committee chairs to craft policies, train users, and staff meetings. Our first remote meeting was held on March 26. From then through the end of January we completed 103 meetings, averaging nearly 12 per month.

With our increase in meeting coverage, YouTube viewership of materials produced by WRPS, Digital Media, and The Veritas was up to 38,894 views last year, an increase of 9,076 views over 2019, (+30%). Interestingly, we had more than 10,000 international views, including 463 in France, and 10 in Iraq.

WRPS worked closely with Dr. Harrison as he strove to give the class of 2020 as near-to-normal a send-off as was possible under the circumstances, and to make adjustments in equipment deployment and meeting space configuration to better meet social distancing requirements without compromising the school's educational mission.

WRPS-FM continues to draw a listenership far beyond what a 105 watt high school station would be expected to gather. Mrs. Breeden has managed to continue airing one of our more popular live shows during the pandemic, tying in with a DJ who moved to North Carolina last year but continues to appear on our air live, thanks to the wonders of modern connectivity. Unfortunately, several of our local DJs have had to give up their programs for the duration of the pandemic, but we, and our audience, look forward to their return.

We look forward to getting back to something approaching normalcy in the fall of 2021.

Respectfully submitted,

David Cable-Murphy
General Manager, WRPS

PUPIL PERSONNEL SERVICES 2020 ANNUAL REPORT

Fiscal year 2020 was a busy but productive year for the Pupil Personnel Services Department. Once again, however, we were able to add to our lists of accomplishments.

The Pupil Personnel Department continues to oversee the implementation and service delivery of Rockland's Instructional Programming for Special Education Students, English Language Learners, Homeless Students and Youths, Home Schooled Students, Home/Hospital Instruction and Medicaid Claiming. District appropriations and Grant Funding has been utilized to continually enhance programming, and sustain on-going professional development for staff.

Special Education and English Language Learners Departments continue to be a predominant area of Pupil Personnel Services. A significant responsibility of the Special Education Department and the English Language Learner Department is to comply with state and federal regulations and mandated time lines. During fiscal year 2018, Rockland began to undergo a Tiered Focused Monitoring Review (previously called a Coordinated Program Review) in our Special Education Department and our English Language Learners' Department. The Department of Elementary and Secondary Education (DESE) conducts reviews every three years in order to monitor district policies, procedures and tracking procedures used by Districts to maintain compliance with state and federal regulations and to ensure Districts are effectively meeting the individual needs of Special Education and English Language Learners.

One change to the EL regulations is for Districts that have one hundred or more EL students enrolled, to develop an EL Parent Group (ELPAC). The Rockland School District has created an ELPAC. ESL staff and I met with EL students' parents/guardians prior to school closure last March. We will be scheduling a virtual meeting with EL parents in February, 2021.

Due to continual support and assistance from both the administrative team and all staff, the District has maintained a position of good standing with the Department of Elementary and Secondary Education (DESE).

Last year all special education staff and interventionists in grades 1-8 participated in two-day training on Linda mood- Bell's Visualizing Verbalizing Math Program. The On Cloud Nine Math Program stimulates a student's ability to image and verbalize the concepts underlying math processes. Concepts and numerical imagery are integrated with language and applied to math computation and problem solving. There is emphasis on both mathematical reasoning and mathematical computation. Research indicates that students who receive On Cloud Nine Math instruction achieve significant improvements in math.

In addition, some of our staff participated in a Behavior Technician Course to learn basic concepts and principles of behavior analysis as they relate to children and adolescents, with an emphasis on students with Autism Spectrum Disorders and related developmental disabilities. Participants became knowledgeable about evidence-based interventions, based on basic

principles of behavior, and are able to intervene on behalf of children and adolescents in educational settings. Paraprofessionals received training from our Behavior Team on supporting students with challenging behaviors as well.

EL teachers participated in the MATSOL conference and received training in Co-teaching and instructional strategies they can use to improve ELL student learning outcomes.

Lines of communication are kept open through email, memos, phone calls, google docs and monthly meetings with elementary, middle, and high school special education staff, ELL staff, paraprofessionals, related service providers, psychologists, social workers and administrators.

As a district we continue to expand our professional knowledge and skills through on-going, job embedded professional development, conferences, legal trainings, technology, workshops and webinars We sustained our evidence-based practices in Positive Behavior Intervention and Supports (PBIS). PBIS is a framework for improving the social behavioral climate of schools which in turn enhances academic achievement. We are pleased to announce PBIS is a district-wide initiative that has promoted common language among staff, students, and families. Research and our Rockland data indicates PBIS has enhanced student attendance and time on learning in our classrooms while significantly decreasing classroom disruptions and office referrals.

Respectfully submitted,

Dr. Linda M. Maniglia
Pupil Personnel Services Director

SOUTH SHORE REGIONAL SCHOOL DISTRICT ROCKLAND TOWN REPORT 2020

School Committee

The South Shore Regional School District is represented by eight appointed School Committee members, one from each town.

Thomas Petruzzelli – Abington

George Cooney – Cohasset

Robert Heywood, Chairman – Hanover

Christopher Amico – Hanson

Robert Molla – Norwell

Robert Mahoney, Vice Chairman – Rockland

John Manning – Scituate

Daniel Salvucci – Whitman

2020 will be remembered for the impact of COVID-19 on all parts of our lives. At South Shore, we closed school on March 13, 2020 and moved quickly to an online learning model; our teachers and administrators did a phenomenal job making the transition, and our maintenance staff continued to ensure that our school remained in very good shape. When the school year 2020-21 started, we held seven training days for staff, two orientation days for students, and began school in a hybrid model on September 16, 2020. We are grateful for our continued community support during this difficult time.

Vocational Technical Programs

South Shore Regional Vocational Technical High School continues to serve its 649 students and their families by providing a high quality vocational technical education, preparing its students for life's many options after high school, including direct workforce employment, college success, and a combination of the two. The school offers 12 vocational technical majors, including *Allied Health, Automotive Technology, Carpentry, Computer Information Technology, Cosmetology, Culinary, Electrical, Design & Visual Communications/ Graphic Communications, Heating, Ventilation, Air Conditioning & Refrigeration, Horticulture & Landscape Construction, Manufacturing Engineering Technologies, and Welding & Metal Fabrication.*

Rockland Graduates

There were 144 students from Rockland who attended SST during the 2019-20 school year. On June 27, 2020, the following 30 graduates from Rockland received diplomas and vocational certificates at the graduation ceremony held at Marshfield Fairgrounds:

Paige Connelly

Vincent Liquori

Nicolý Nogueira Lima

Rebecca Silva

Jessenia Diaz

Sean Lovell

Ashley O'Connell

Kyle Stec

Jeremy Driscoll

Kyle MacDonald

Kylee Pickering

Kyle Thibault

James Fife

Sean MacNeil

Matthew Poirier

Brandyn Trapeno

Ryan Foley

Krystal Martinez

Samuel Reardon

Justyn Trapeno

Devonny Grafton

Brian McClain

Nicholas Rowell

Elizabeth Trull

Brandi Hargrove

Dana McGivney

Brianna Ruffin

Dominic Kenney

Sean McGuirk

Jessica Silva

Third-Party Credentials

Students at SST have opportunities to earn industry recognized credentials that give them a competitive advantage as they head into the workforce. Such credentials include OSHA Safety 10-Hour Card (all programs), ASE Certification (Automotive and Collision Repair), Power

Actuated Tools (Carpentry), MTA/MCP/Networking & Windows OS, IC3 (Computer Info Tech), Cosmetology State Board Licensure, ServSafe Sanitation & Allergen Awareness (Culinary), Certified Nursing Assistant, CPR, First Aid, Home Health Aide, Feeding Assistant (Allied Health), Adobe Certified Associate for Print & Design Media (Graphics/Design & Visual Communications), EPA Universal and R410a Safety (environmental certificate) (HVAC), MACWIC Level 1 & 2 (Manufacturing Engineering Technologies), AWS D1.1 All Position & NFPA Hot Work Safety (Metal Fab Welding).

Cooperative Education

The South Shore Tech Cooperative Education program provides an opportunity for vocational students to gain real-world experience while earning an income. Through a cooperative arrangement between the school and employers, students alternate five days of required academic courses and related vocational instruction with five days on the job in his or her specific occupational field. South Shore Tech relies on local businesses' commitment to youth, education, and community, which allows students to gain a greater awareness of the expectations of a real workplace, learn about current methods and new technology in their industry, and make connections that can lead to employment post-graduation. All senior students in good standing are eligible to participate in the Cooperative Education program at South Shore. Juniors in good standing are eligible after the first half of the school year. Over the course of the shortened 2019-2020 school year, 103 students participated in the co-op program, collectively earning over \$350,000.

Student Organizations

The Student Council at South Shore promotes communication between the school administration and the student body. Leading by example, the members of the student council promote student leadership, democratic decision making, and student body engagement. In addition to student led activities and volunteer work, student council officers also represent the student body on the School Council and at School Committee meetings.

South Shore students also participate in SkillsUSA, a national co-curricular student organization for vocational technical students. SkillsUSA provides educational and leadership activities for students which are designed to build leadership, teamwork, citizenship, and character development. Through a carefully designed curriculum and opportunities for competition at the district, state, and national level, students build and reinforce self-confidence, work attitudes, and communication skills. Co-curricular organizations emphasize total quality of work, high ethical standards, superior work skills, life-long education and pride in the dignity of work.

Planning for the Future

In an effort to stay on top of facilities needs, we have submitted a 6th application to the MSBA's CORE program. We need to modernize our 1962 building and evaluate ways to expand. We strive to serve our students with 21st century technology and modern instructional space within the confines of a well maintained, mid-20th century building. We are very proud of our students and staff and continue to appreciate the support of Rockland's residents and area employers.

Respectfully submitted,

Robert L. Mahoney

Vice Chairman, Town Representative

South Shore Regional School District Committee

SEWER COMMISSION

To the Honorable Board of Selectmen and Citizens of the Town of Rockland:

The Board of Sewer Commissioners respectfully submits the annual report of the Sewer Department for the year 2020.

We would like to thank John Loughlin for his dedication over the last fifteen years of exemplary service as Sewer Superintendent to the Town of Rockland and its residents. As you retire, remember that you have left behind a legacy of competency, achievement, and work ethic that we will always remember and admire. Congratulations and enjoy your retirement.

Town Sewer Articles:

Article #71 ~ Inflow & Infiltration (I&I) was approved to conduct repair and maintenance on items associated with I&I. This Article was carried over from 2019 and work will be started in the Spring of 2021. Examples of past work associated with I&I are the use of cameras for sewer pipe evaluation and follow up with lining of weak or compromised areas and rebuilds of sewer manholes. This article coincides with Article #25 Sewer System Evaluation Study (SSES).

Article #72 ~ Rebuild #1 secondary clarifier was approved in 2019. The Town completed the clarifier rebuild. The remaining balance was carried over and will be used to complete some structural and mechanical repairs this year.

Article #74 ~ Comprehensive Assessment of the Wastewater Treatment Plant was approved in 2019. The Town awarded the bid to Wright-Pierce. The assessment is on track to be completed by March of this year. The assessment will identify the aged infrastructure and capacity issues, as well as, what needs to be replaced on mechanicals and equipment.

Article #25 ~ Sewer System Evaluation Study (SSES) was approved in 2020. The Town awarded the bid to *AECOM*. They will be identifying areas of town where Inflow & Infiltration occur into the sewer system. Once these areas are identified, the Town can have developers perform work to correct these issues. The Town will also be doing in-house I&I work. By identifying I&I, and performing work to correct issues, the Town will gain more capacity on the outside infrastructure.

Article #26 ~ Comprehensive Study of (1) pump and (2) ejector stations was approved in 2020. The study, which will be followed through in Spring 2021, will help identify issues with the outside infrastructure and mechanicals in relation to the Towns' pump stations and injector stations.

The Department completed many maintenance projects at the wastewater treatment plant and pump stations:

- RAS (Return Activated Sludge) Pump #2 mechanical seal replaced (January)
- Added remote lead/lag pump control to SCADA system for all lift stations (January)
- Replaced compressor #1 motor at Butternut lift station (January)
- Repaired blocked digester gas service line (February)
- Purchased and installed new polymer blending unit for BFP (Belt Filter Press) (March)
- Replaced both upper and lower BFP belts (March)

- Replaced both upper and lower indicator systems at both Hingham North and South pump stations in order to get more accurate and reliable level readings and keep existing bubbler system as back up (April)
- Purchased new spare pump to replace failed pump for Old Country Way lift station (May)
- Installed new stator on digester sludge transfer pump #2 (May)
- Repaired broken pump rail system at Hingham South lift station (July)
- Installed new VFD (Variable Frequency Drive) controller on aerated grit chamber for energy consumption efficiency (July)
- Purchased and installed 2 new eyewash units for chemical storage room (July)
- Designed and purchased new automated hydrated lime control system (September)
- Purchased and installed new 40 KW Generator at Old Country Way lift station to replace failed unit (September)
- Installed new secondary clarifier sludge blanket level indicators (October)

Ongoing projects:

- Influent pump was replaced with a spare throughout the year; the replaced pump is still out being serviced
- New pumps were purchased for Woodsbury Road lift station and digester sludge transfer pump #1
- Hingham South pump was replaced with spare as well; pump will need to be purchased in 2021

The Wastewater Treatment Plant treated 886 million gallons, down from 943 million gallons in 2019. This computes to an average daily flow of 2.4 million gallons per day, which decreased from 2.59 average daily flow in 2019.

2020 rainfall of 41.68 inches was 15.75 inches less than the 2019 total of 57.43 inches.

During this year's drought, the daily average was hovering around 1.5 MGD. This is an indicator of how much inflow & infiltration occurs when the water table is higher. During the high flow or rainy season, the average daily rate spikes over 5.0 MGD.

Inflow & Infiltration report:

Part I.D.3 of the National Pollutant Discharge Elimination Permit (NPDES Permit No. MA0101923) for the Town of Rockland, Massachusetts, requires submittal of a summary report detailing all actions taken to minimize I&I during the previous calendar year. Presented herein is the summary report for calendar year 2020.

--

During 2020, the following projects were performed to identify and remove I&I (Inflow & Infiltration) from the sewer system. Please note that some projects were delayed or carried over from the previous year due to (1) the Superintendent's leave of absence and subsequent early retirement and appointment of the interim Superintendent in July of 2021 and (2) Covid-19 protocol hindering some of the proposed work.

Rail Trail easement manhole project:

The town completed modifications of the manholes in the easement at the Rockland Rail Trail on the Abington/Rockland line. The two manholes were in short proximity to an adjacent stream that during high water flow would submerge the existing sewer manholes.

We raised two manholes 2.5 feet and added locking covers with rubber gaskets.

Costs associated with this project were \$12,000

1. Manhole riser night project:

The town targeted specific roads where sewer manholes needed full replacement or refurbishment. These were main roads and located on centerline where the work could not be done during normal hours. All work was performed at night.

We identified 11 structures that were damaged. 7 structures were replaced with new metal castings and 4 were refurbished and reused.

All of the structures had new brick risers installed and new mortar inside and outside to make them watertight.

Costs associated with this project were \$16,000

2. Union Street/Exchange Street easement manhole project:

The town completed modifications of the manholes behind 371 Union Street. The area runs parallel to Union and through to Exchange Street. Two restaurants are tied into these manholes with no grease traps associated with them. The restaurants have in-building traps. With research, we found a manhole that was buried 18 inches below grade with a tree grown on top of the unit. The area was surveyed with a camera and we found that the manhole had been compromised with tree roots growing through the top of the structure causing gaps between blocks and old bricks. We added new bricks with new mortar inside and out to make the structure watertight. New metal casting was added with rubber gasket on casting.

Costs associated with this project were \$10,000

3. Sewer manhole frame cover replacement and/or refurbishment due to road paving projects:

The town continued with its ongoing paving projects. Subsequently, many frame covers were replaced, and risers reset and refurbished. See below for streets and work associated with this project:

- A. Union Street (From North Ave to VFW drive) - replaced 18 metal frame structures with new gasket style.*
- B. East Water/Liberty street intersection - replaced 4 metal frame structures with new gasket style. 1 structure was refurbished and reset.*
- C. Linden street - replaced 3 metal frame structures with new gasket style.*
- D. Union Street Center - 2 structures were refurbished and reset.*
- E. Hackett Circle - 3 structures were refurbished and reset.*
- F. Liberty Court - replaced 1 metal frame structure. 1 structure was refurbished and reset.*

Note: Refurbish and resets had new clay bricks installed as risers; mortar was installed inside and outside the structures to make them watertight.

Costs associated with the project were \$27,000

4. Water Conservation:

The town continues with its conservation efforts as consumption continues to decline. The Water department continues with its conservation education.

5. Town of Abington:

The Towns of Rockland and Abington have an Inter-Municipal Agreement that allows the Town of Rockland to receive and treat a defined amount of wastewater from the Town of Abington. As part of this agreement the Town of Abington continues to aggressively identify and perform remediation to sources of I&I from the sewer system that flows to the Town of Rockland. During the calendar year, the town of Abington Sewer Department completed the following:

- Property inspections were conducted in an effort to identify extraneous and illegal connections on Birch Street, Camp Street, Cross Street, Harriet Road, Savine Street and Spruce street.*
- Video inspected 260 linear feet of main line.*
- Jetted 1,900 linear feet of sewer line.*
- Inspected 35 manholes on Birch Street, Charles Street, North Avenue and Spruce Street.*
- Replaced 15 HDPE manhole inserts.*
- Calibrated the Charles street flume semi-annually.*

During 2020, the following projects are proposed for I&I related investigation/action:

1. *SSES (Sewer System Evaluation Study) report flow isolation and television inspection:*

Flow isolation and follow-up television inspection work will be performed throughout the collection system in 2021.

Subsequent SSES report will be issued as a result of this work.

The engineering and field work costs associated with this project are estimated to be approximately \$300,000.

2. *I&I research on the injector stations at Spruce Street and Butternut Lane:*

The two injector stations are installed in high water table areas and fire off at high frequency during high flow seasons and events. This results in structure overflow and requires repeat maintenance.

Will research and engineer replacements of these stations to upgraded water-tight grinder pump stations to inhibit infiltration.

The engineering and field work associated with this project is estimated to be approximately \$60,000

Provide a calculation of the annual average I&I and the maximum month I&I for the reporting year.

Response:

A flow meter is located at the wastewater treatment plant (WWTP). An analysis of the flow meter records from 1/1/20 through 12/31/20 show the following information:

Annual Average I&I

The average minimum (nighttime) daily flow over 365-day period is approximately 1.44 MGD (million gallons per day). At the WWTP, we estimate that approximately 90 percent of the minimum daily flow is infiltration.

Thus, the estimated annual average of I&I is equal to $1.44 \text{ MGD} \times 0.90 = 1.30 \text{ MGD}$.

Maximum Month I&I

The highest average monthly minimum flow occurred in April 2020 with a value of 2.86 MGD.

Thus, the estimated maximum month I&I is equal to $2.86 \text{ MGD} \times 0.90 = 2.57 \text{ MGD}$.

NPDES permit summary report requirement

Provide a report of any infiltration/inflow related corrective actions taken as a result of unauthorized discharges reported pursuant to 314 CMR 3.19(20) and reported pursuant to the Unauthorized Discharges section of this permit.

Response:

The Town continues to work on its storm water connectivity plan, which verifies that there are no cross connections to the sewer system. Other than the inflow from the previously mentioned unauthorized sump pumps, there are no known unauthorized discharges and no related infiltration/inflow corrective actions.

~~~

The Department is asking all residents and business owners to help us reduce the amount of inflow into the sewer system. Please do not direct storm water from your basement sump pumps, floor drains or roof drains into the Towns' sanitary sewer system. It is illegal and very costly to the Town.

The Sewer Department, along with the Highway Department, worked to meet the compliance requirements of the new NPDES (National Pollutant Discharge Elimination System) Phase 2 MS4 stormwater permit by:

- Updating stormwater mapping and GIS (Geographic Information System)
- Rebuilding headwalls and stormwater outlets
- Clearing debris from open drainage waterways
- Installing fencing and guardrails around open drainage and catchments
- Conducting water quality sampling at headwalls and open drainage

The Town pays between \$50,000 - \$60,000 annually in engineering costs to keep compliant with the stormwater permit. The cost is shared between the Highway Department and the Sewer Department.

The Town has partnered with the North and South River Watershed Association to be part of its Smart program. There have been many educational materials posted on various town website pages stemming from this collaboration.

We encourage residents to please help us in our efforts to maintain waterways around town by not discarding yard waste (grass clippings, leaves and brush), pet waste (bagged or unbagged), and other debris into our storm drains, brooks and streams.

The Department has issued (9) new residential sewer permits this year.

The Department has conducted (75) exterior grease trap inspections this year. The Town had less inspections this year due to Covid-19 affecting operating hours and capacity limits at most small restaurants. The Department spread out the inspection frequency and waived inspection fees to help the smaller businesses.

Another issue we have faced as a Department, due to Covid-19, is the added number of wipes entering the sewer system. Wipes have been causing blockages at residences and causing increased maintenance issues at the plant and outside infrastructure.

We encourage residents to “Keep Wipes Out of Pipes”. Disposable wipes, even those labeled “flushable”, should be disposed of in the trash, not flushed down the toilet.

The Rockland Board of Sewer Commissioners would like to thank the residents of Rockland and the other departments in Town for their continued support and cooperation throughout the year.

Respectfully submitted,

Walter Simmons, Chairman  
Ronald Savicke, Commissioner  
Charles Heshion, Commissioner  
David P. Taylor, Interim Superintendent  
Robyn Day, Administrative Assistant

## **2020 ROCKLAND TOWN FOREST COMMITTEE & CONSERVATION CORPS REPORT**

To the Honorable Board of Selectmen & Citizens of Rockland:

2020 was a year to remember or forget depending on how you want to look at it. It has been none like ever before. It was no different at the town forest, as issues like the Covid-19 pandemic created many problems like working with masks and doing social distancing. People seemed to be very compliant. Covid-19 protocols are posted on both kiosks at the town forest entrances.

The Rockland Town Forest became a very active recreation source over this past year. People from around town and neighboring communities were using the town forest more than ever before. There has been much positive feedback, such as how clean it is kept and how walkable it is, along with interesting things you see as you walk the trails.

As for the committee itself, it was busy in many ways because of more frequent trash removal and keeping the trails clear and walkable. Windstorms brought down a number of trees, which had to be cut up and disposed. A lot of brush had to be cleared along the trails. This is always a maintenance issue. This past year gave us a lot of new projects. Members constructed a new bridge on the main trail which needed to be replaced for safety and walkability reasons. It was a great effort and well worth the time. We are working on another bridge on the Spruce Street end, which will make travel a lot easier on the main trail. This will be completed in 2021. There have been a number of improvements. This past year has shown a large amount of wear on the trails. The committee has done a great job at resurfacing parts of the main trail that have shown the most use.

This past year has been an extremely unusual year in that we had a drought, which left us over ten and half inches below average precipitation by the end of the year. The streams in the town forest were basically dry from June through the middle of October. The town water supply has been on a water ban since June. If this situation continues, the town needs to look at future growth and what we need to do to insure we have enough water for future generations.

This coming year will be difficult with the Covid-19 pandemic still out there and no real end in sight until maybe mid-year. We need to get cleanup projects going. We do need more volunteers, but we need to wait until the pandemic is ending. Hopefully we can get help at that time.

Volunteer hours from the Rockland Town Forest Committee, our engineer and other volunteers amounted to 250 hours.

Respectfully submitted,

George H. Anderson, Chairman / Rockland Town Forest Committee

This photo shows a portion of the trail improvements made in 2020.

This plaque can be seen at the trailhead at the Spruce Street end.

## ROCKLAND TOWN FOREST COMMITTEE FINANCIAL REPORT 2020

**TOWN OF ROCKLAND  
CLIMATE SUMMARY  
FOR CALENDAR YEAR 2020**

Station Location: 355 Forest Street, Rockland, Massachusetts  
Map Location: (G.P.S): N 42 9' 163" – W 70 54' 728"  
Elevation above sea level: 158 feet

*Growing Season Data (Based on a killing frost of 32 F)*

Last Killing Frost (spring): May 10, 2020  
First Killing Frost (fall): October 30, 2020  
Length of Growing Season: 173 days

*Temperature Data*

Year's Highest Temperature & Date: 99 F on 7/27 & 28 & 8/3, 2020  
Year's Lowest Temperature & Date: 7 F on February 15, 2019  
Heat Waves Recorded: Dates & Duration: 6/18 – 6/21; 6/23 – 6/25; 7/18 -7/21;  
7/23 – 7.31; 8/9 – 8/13  
(Based on three or more consecutive days with temperatures 90 F or above.)

*Precipitation Data*

Annual Precipitation: 44.3"  
30 year normal: 54.1"  
Most amount of rainfall over a 24 hr period: 2.10" 12/5 – 12/6; 6 PM to 6 PM  
Most amount of snowfall for a single storm 12.2" 12/17 – 12/18; 6 PM to 6 PM  
Total Accumulation: 12.2"

*General Comments*

The year 2020 was overall a very warm and very dry year. We averaged out 2.63 degrees above the thirty-year normal. We had a very dry year as only April, October and December were above average on precipitation. We were in severe drought during the summer and early fall. We are still at a deficit of over ten inches of precipitation at the end of the year. The winter season was below normal for the year with only twenty-five and half inches recorded for snowfall. We normally have 46.9" on average. We had five heat waves during the summer season, which is about normal or slightly above. Total precipitation for the year was about 20 % below average. We had an about average growing season which lasted from early - May until the end of October. There were a number of wind events over the year and they were problematic with down trees and power lines. This seems to be an increasing problem in the area. Hopefully 2021 will be a quieter year, let's hope so.

## Climate Summary

January 1, 2020 - December 31, 2020

Temperatures are in degrees Fahrenheit

| Month          | Daily Maximum | 30 year Normal | Departure From Normal | Daily Minimum | 30 year Normal | Departure From Normal | Daily Mean | 30 year Normal | Departure From Normal | Monthly High Temp | Monthly Low Temp | Mean Degrees Days<br>Base 65 F | Normal Degrees Days | Departure From Normal | Monthly Precipitation | 30 year Normal | Departure From Normal | Total Snowfall For Month |

## **2020 ANNUAL TOWN REPORTS REPORT FOR VETERANS' SERVICES**

To The Honorable Board of Selectmen and the Citizens of Rockland

The Rockland Veterans' Service Office has had another rewarding and extremely busy year. In November 2020, Vinnie Fountaine moved to the Braintree Veterans office after serving Rockland for four years, and I was subsequently appointed as Rockland's Veterans' Service Officer. In 2004, I retired from the U.S. Coast Guard as a Command Master Chief after honorably serving 20 years on active duty. For the past three years, I have served the Town of Hanson as their part-time VSO. Currently, I work and have offices hours at the Rockland Senior Center Wednesday through Friday. It is an honor to be able to serve two communities in assisting their Veterans.

### **Mission Statement**

The mission of the Veterans' Services Officer (VSO) is to be the advocate for veterans of Rockland. The Veterans' Service Officer operates under the Department of Veterans' Services (DVS), Commonwealth of Massachusetts. DVS was established to assist needy, eligible wartime veterans and/or their dependents as mandated by Massachusetts General Law Chapter 115, Section 5, and regulated by CMR 108. DVS establishes policy, proposes legislation, and ensures that adequate funding for veterans' programs is included in the Governor's budget and the Town of Rockland's budget. The Veterans Agent represents the interest of veterans in matters coming before the General Court.

With regard to Chapter 115, services are provided on request to those veterans who have been honorably discharged from a U.S. military service and who meet the asset and income limitations, which are determined at the time of application. In addition to Chapter 115 requests, the Veterans' Service Officer also provides the following services to veterans and/or their dependents; filing for VA pension or compensation, healthcare, burial and grave markers, obtaining copies of military records (DD-214, medical/dental), annuities, and several other items. Medical records are necessary to support requests for benefits for veterans unable to work because of a disability. A copy of discharge must accompany all applications.

The Town also offers service-connected disabled (SCD) veterans and their spouses or surviving spouses, property tax exemptions. Eligible SCD veterans who are homeowners must have received a VA SCD rating. Gold Star parents/spouses and paraplegic veterans are also eligible for the exemptions. Please contact the Assessor's Office for further information.

I enjoy participating and networking in a myriad of veteran's organizations to continue to enhance my knowledge and support for the Rockland veterans. I am a member in good standing and have maintained all certifications, and attended all training seminars and meetings with the Massachusetts Veterans Service Officer Association (MVSOA) and its' subsidiary, the Southeastern MVSOA. These Associations are a great network of VSO professionals and provide the most up-to-date information on federal and state regulatory changes. Prior to the COVID pandemic and ensuing restrictions, I met with a local Disabled America Veteran (DAV) group monthly. Moreover, I am a very active member with the American Legion.

We received numerous inquiries this past year. Assistance was rendered to returning war veterans seeking help in applying for the Massachusetts Bonus Program, public assistance under Chapter 115, educational benefits, motor vehicle benefits, property tax exemptions, housing outreach, counseling & training resources, employment assistance, fuel assistance, burial benefits, military records and state memorial information and rights of National Guard and Reserve members called-up for Active Duty.

In 2020, 343 residents of Rockland received \$783,562.02 in cash benefits and assistance from the Federal Veterans Administration (VA). The majority of the recipients received monetary compensation for service incurred disabilities. This office has assisted and provided guidance to Rockland residents in filing for these claims and various types of assistance. This money affects our budget by reducing or eliminating the resident needs for Chapter 115 Veterans' Benefits from Rockland. During 2020, Rockland veterans and widows received \$186,515.40 in Chapter 115 benefits, 75% of which is reimbursed to the Town from the State of Massachusetts.

Although the COVID pandemic severely limited this office's outreach efforts and traditional face-to-face meetings with veterans, we did our best to adapt and sought alternative arrangements. While 2020 was different and operationally restrained, in addition to assisting veterans we conducted the following activities this year with in-person limitations:

- **ANNUAL TRI-TOWN MEMORIAL DAY OBSERVATION.** No parade was held in an effort to maintain the health and safety of the citizens. Instead, on Memorial Day, May 25, 2020, this office planned and coordinated a very small gathering for a brief ceremony at the Veterans Memorial. The former Rockland VSO, Vinnie Fountaine, emceed. The Commander of the Rockland American Legion Post, Jeff Najarian, said a few words and a Veterans Memorial Committee member, Anton Materna, read a poem and the solemn ceremony concluded. Prior to Memorial Day, a small number of volunteers, including some members of the Rockland Boy Scout Troops, assisted in placing some appropriate markers and replacing the burial flags at Holy Family Cemetery. I'd like to thank the participants for their help and also the citizens for their understanding.
- 
- **VETERANS' DAY OBSERVANCE.** A brief ceremony was conducted at the Rockland Veterans Memorial with support from the Tri-Town representatives. Col. Joe Morrissey of the Massachusetts National Guard was the guest speaker and presented the Town of Rockland with a flag that was flown at Bagram Airfield, Afghanistan. The short ceremony concluded with the ringing of the bell on the 11<sup>th</sup> hour, of the 11<sup>th</sup> day, of the 11<sup>th</sup> month.
- 

I would like to thank the citizens of Rockland who have supported the Office of Veterans' Services and the Veterans of Rockland for giving me the opportunity to serve them.

Respectfully submitted,

Timothy White  
Veterans' Service Officer

## **2020 REPORT FROM THE ROCKLAND BOARD OF WATER COMMISSIONERS**

To the Inhabitants of the Town of Rockland:

The Board of Water Commissioners respectfully submit the following report for the Rockland Water Department for the year 2020.

The following is a list of the major duties performed by your Water Department:

|                                                       | <u>2019</u>   | <u>2020</u>   |
|-------------------------------------------------------|---------------|---------------|
| Water Main Repairs                                    | 9             | 7             |
| Water Service Repairs                                 | 20            | 25            |
| Hydrant Repairs                                       | 4             | 4             |
| Hydrant Replacements                                  | 3             | 10            |
| Water Meter Replacements                              | 410           | 178           |
| Service and Main Locations with Markings for Dig Safe | 675           | 764           |
| Quarterly Reconciliations                             | 6267 accounts | 6270 accounts |

We here at the Rockland Water Department have an ongoing Cross Connection Control Program to provide protection to our customers from any unwanted substances entering our distribution system inadvertently. We at the Rockland Water Department would like to commend all the businesses for complying with the program for the protection of all customers.

In June of 2020 the Department was forced to implement a Total Ban on Outside Water Usage. This was due to the onset of a severe drought throughout the area. Due to the drought our surface water supply had dropped 8 to 10 feet and as of the end of the year the Ban is still in place and the supply has not recovered.

As always, we are proud of our staff. They are hardworking individuals. A fact that is sometimes missed is that they are the water professionals providing you with a safe supply of drinking water. All the staff is licensed in their profession and is always advancing their skills by attending training classes in an effort to remain the high-quality professionals they are. They remain amongst the leaders in the water works industry. Here we would like to acknowledge your professionals:

|                    |                   |
|--------------------|-------------------|
| William Royal      | JoAnne Hall       |
| John Montalbano    | Glenn Sullivan    |
| Cody Mandanici     | Victor Malafronte |
| Brian Pappaceno    | Debra Newcomb     |
| Bobbie Jo Eckstrom | Brian Bezanson    |
| Marianne Pappaceno | Andrew Kenn       |

Our thanks go out to all the departments and their staff who throughout the year in one way or another provided assistance to the water department. This is a reciprocal effort that has always been there and is the foundation of your municipality at its best.

“With Water Works Pride”

Rockland Board of Water Commissioners:

June Pat Donnelly, Chairman

William T. Low, Secretary

Robert Corvi Jr.

Joseph LaPointe, Superintendent

## **2020 REPORT OF THE JOINT BOARD OF WATER COMMISSIONERS**

To the Inhabitants of the Towns of Abington and Rockland:

The Joint Water Board is comprised of the six elected Water Commissioners of the two Towns, as provided in Section 13, Chapter 206, of the Acts of 1885. The powers and duties of the Joint Board are set forth in said Chapter 206, in Chapter 56 of the Acts of 1897; in Chapter 656 of the Acts of several sections of the Massachusetts General Laws which are not specifically set forth in the Special Acts. There are other special Acts of Legislature which govern the Joint Water works, including Chapter 139 of the Acts of 1886, Chapter 200 of the Acts of 1903, Chapter 618 of the Acts of 1945, Chapter 288 of the Acts of 1952, Chapter 130 of the Acts of 1953 and Chapter 535 of the Acts of 1959.

We, the six elected officials of the Abington/Rockland Joint Board of Water Commissioners, respectfully submit the following report of the Joint Water Works for the year 2020.

The Department produced the following quantities of water for deliverance to the customers of the Joint Water Works:

|          |                 |           |                 |
|----------|-----------------|-----------|-----------------|
| JANUARY  | 72,342,000 gals | JULY      | 97,315,000 gals |
| FEBRUARY | 66,446,000 gals | AUGUST    | 97,731,500 gals |
| MARCH    | 72,232,000 gals | SEPTEMBER | 88,948,900 gals |
| APRIL    | 75,556,000 gals | OCTOBER   | 84,263,180 gals |
| MAY      | 88,463,000 gals | NOVEMBER  | 76,339,800 gals |
| JUNE     | 96,084,000 gals | DECEMBER  | 79,189,000 gals |

Thus the Abington/Rockland Joint Water Works produced and delivered 994,910,380 gallons of water throughout the year.

In June of 2020, the Department was forced to implement a Total Ban on Outside Water Usage. This was due to the onset of a severe drought throughout the area. Due to the drought our surface water supply had dropped 8 to 10 feet and as of the end of the year the ban is still in place and the supply has not recovered.

The Abington/Rockland Joint Water Works is dedicated to providing, protecting and preserving today's water supplies for tomorrow's consumers. Our commitment is to supply quality water that complies with all the State and Federal Standards, provide education and excellent customer service, and to be the leaders in our profession.

Our continuous commitment to providing safe drinking water for our customers resulted in the following samples being retrieved and analyzed throughout 2019 and compares the quantity to the two previous years.

|                                  | <u>2019</u> | <u>2020</u> |

## **YOUTH COMMISSION 2020 Annual Town Report**

To the Honorable Board of Selectmen and Citizens of the Town of Rockland:

During the 2020 calendar year, the Youth Commission carried out its program under Chapter 8E of the General Laws of the Commonwealth. We are pleased to submit the following report that outlines the programs offered to the young people of Rockland.

Despite the start of the pandemic, the Youth Commission continued to offer a comprehensive, year-round, recreational program to the youth of Rockland. With the continued support from the people of Rockland, we were able to hold in person and on-line programming. The Youth Commission's space in the Community Center had to change this year so that our space could be used for a remote learning program. Our office space changed so that staff could remain socially distance from one another. We currently occupy office space on the 1<sup>st</sup> floor, and on bottom level we utilize the gymnasium and the space that traditional was used for the Teen Center.

From January to December, except for spring and summer months, we offered programs six days a week at the Community Center. Activities included the following: Tot Enrichment "Chipmunk" Pre-K and Nursery School; Workshops, Babysitter Safety Training Course, Home Alone Safety Class, CPR and First Aid Certification, Floor Hockey, Fall, Winter and Spring Basketball, Flag Football, Recreational Tumbling, Tumble Tots, Dancing on your Toes, Tae Kwon Do, Beginner Lacrosse, T-Ball, Baseball, Science, Engineering, Tot Soccer, Field Trips, NFL Flag Football, Kids Test Kitchen and American Sign Language. We continue to work with Self Help Inc. to bring free programs to the Community Center and parks for children, ages 18 months – 6 years. While we were not allowed to run special events, we drove around the Easter Bunny to visit the children, had our Eggtober Event and presented challenges to the children while we all had to stay home.

We were disappointed that we could not run the Teen Center for a full year. This program is a valuable for the community and kids. There was no safe way to run this program for the staff and the teens from March onward. We hope that by the fall of 2021 we will be able to bring back everyone to the Teen Center while providing a safe social space with special events.

The summer of 2020 was fun-filled and a little different then years past. We offered many wonderful programs at Hartsuff Park, and at various fields in Rockland. Our traditional Hartsuff Park Summer Program did not run this year however, we were able to provide six weeks of classes for kids. They included basketball, soccer, spartan training, t-ball, volleyball, science, and arts & crafts for ages 5-12.

Lastly you voted to allow us to change our name to Rockland Recreation. This change will allow us to provide programing for a wider range of ages in the community. We will be changing our logo and our mission statement. If you would like to check out our programming you can go to [www.rocklandred.org](http://www.rocklandred.org)

The Youth Commission was able to continue operating many of its recreational programs through the establishment of a revolving fund in accordance with M.G.L. Chapter 44 Section 53E1/2 for the purpose of operating recreation and leisure services to the children in the community on a self-supporting basis through user fees.

### **Tot Enrichment Program**

The 2019-2020 school year marks the 35<sup>th</sup> year of the Youth Commission's Tot Enrichment Nursery and Pre-Kindergarten Program. In conjunction with the Rockland School Department, this program was designed in response to the need for a high quality, yet affordable program within the community.

The philosophy of the program is to provide young children, ages 3 to 5, opportunity to interact with other children in a warm, accepting atmosphere. While the program encourages children to be actively involved in the learning process, classes are structured around a variety of developmentally appropriate activities. All students are encouraged to pursue their own interests. In addition to preparing students for kindergarten academics, teachers work with the children in developing their social and emotional maturity as well as fine and gross motor skills.

The Tot Enrichment Program, also known as "Chipmunks", is a traditional nursery and preschool program. Utilizing three classrooms and the gymnasium in the Community Center, teachers Cindy Anders and Barbara LaBollita were assisted by Joanne Regan, Joanne Hermenau, and Lori Murphy. This year the program serviced 22 students from September through March and on line till May.

The classroom curriculum includes a weekly fitness and music program. Our very own Physical Fitness Instructor, Jared Mahoney, provides a program focusing on gross motor skill development through physical movement, recreational activities, and musical games. This class promotes confidence, self-esteem and is geared to help fight obesity in children. Jim Armstrong, our music specialist, provides a sing-along twice a month with our Pre-K class.

Special activities and events throughout the school year included holiday parties, a December concert, visits to the library, and special guests such as the Rockland Fire Department to talk about fire safety, Rockland Police, the tooth fairy to talk about good dental hygiene, and visiting musicians to talk about and allow the children to try different instruments.

In closing, the Youth Commission wishes to extend their appreciation to the Board of Selectmen, the School Department, all town departments, especially the Parks Department, Highway Department, Youth Commission Staff, Tree Department, Police Department Fire Department, Board of Health, Water Department, and the Sewer Department. In addition, we would like to thank all the generous donors from the community and the surrounding businesses that continue to support the Rockland Youth Commission. We especially want to thank everyone who continues to register for our programs as well as the citizens of Rockland for all your support.

Respectfully submitted,

Richard Furlong, Chairman

Kathleen Fulton

## **ZONING BOARD OF APPEALS**

To the Honorable Board of Selectmen and the Citizens of the Town of Rockland:

The Zoning Board of Appeals is pleased to submit its Annual Report for the calendar year 2020.

During the year of 2020, everything was turned upside down. With a global pandemic causing government shutdowns, social distancing, face covering mandates and genuine retail supply chain dilemmas, the world is a slightly different place. In order to keep the zoning process moving forward, the Board was introduced to the Zoom video conferencing platform. It was different to say the least, but I applaud my Board members for their patience and attentiveness as we all got used to this new way of conducting our public meetings.

As always, the Board was involved with petitions submitted by applicants regarding Special Permits, Section 6 Findings, Variances, and Appeals from the Zoning Enforcement Officer. The Zoning Board focuses on providing the Town with the best use of the remaining vacant land. After a public hearing, the Board votes on the issues and makes a finding for or against a proposed project.

This past year, the Board was presented with several smaller projects and after some lengthy discussions, the Board permitted several variance and special permit requests for residents within the Town. This year also saw several larger projects come to the Board, including another retail marijuana shop as well as a 40B affordable housing complex containing 236 rental units.

The Board would like to thank long time member, Mr. Stanley Cleaves, for his service to the Board and service to the people of the Town of Rockland. After 38 years as a member of the Board, it is our hope that he enjoys his retirement.

The Board would like to thank Mr. David Saucier for his service to the Board during his short but well filled term. His expertise in the field of construction site work will be missed.

The Board would like to welcome Mr. Robert Baker Jr. as our newest member.

The Board would like to welcome Mr. Stephen Galley as our newest associate member.

The Board would like to thank Mrs. Kimberly Prizio for her continued efforts as our recording secretary.

The Board would like to give our sincere thanks to our land use attorney Mr. Robert W. Galvin for his assistance at meetings and perseverance in the appeals process.

The Chairman would like to thank each Board member for their many long hours of dedicated service.

The Board would like to thank Tom, John, and Michelle in the Building Department, as well as the ladies of the Assessor's Office, the ladies of the Town Clerk's Office, and last but definitely not least, Ms. Susan Ide from the Selectmen's office, all for their assistance to the Board and to the public with the ZBA application process.

The Zoning Board would also like to thank all the other Town Boards, Committees and Town Departments for their input with any Zoning issue that arose.

The Board wishes to thank Ms. Candi Drenzo for her work with coordination between applicants, Town Departments and Board members. Her continued assistance will be hard to replace.

Respectfully submitted,

**ROCKLAND ZONING BOARD OF APPEALS**

**BOARD MEMBERS**

Robert Rosa, Chairman  
Gregory Tansey, Vice-Chairman  
Charles Heshion  
Timothy Haynes  
Robert Baker Jr.

**ASSOCIATE MEMBERS**
